OTHER BOOKS BY JUSTINE LEWIS Acting the Part **Mystery Down Under** Nya Alison Murray, 2023-12-01 This is a work of climate fiction set in Crocodile Dundee country in the Northern Territory of Australia When the body of Alex Petersen an employee of Parks Australia is found at Gunlom Falls in Kakadu National Park the Northern Territory Police are determined to uncover the truth behind his murder Tensions are high between the Traditional Owners government and a global miner as the dispute over the environmental clean up of Ranger Uranium Mine continues Meanwhile is there a cover up of government funds behind a gas fracking mine on aboriginal land and a port too close to cultural sites in Darwin An indignant paleo astronomy course field trip in Kakadu brings together a young Norwegian marine biologist an astronomer from Edinburgh and an archaeologist from Sydney As the disparate group of characters navigate between the worlds of politics and culture they uncover secrets that could explain the murder *The Hidden Tide* Roderic Quinn, 1899 **Churchill's Secret War With Lenin** Damien Wright, 2017-07-27 An account of the little known involvement of Royal Marines as they engaged the new Bolsheviks immediately after the Russian Revolution After three years of great loss and suffering on the Eastern Front Imperial Russia was in crisis and on the verge of revolution In November 1917 Lenin's Bolsheviks later known as Soviets seized power signed a peace treaty with the Central Powers and brutally murdered Tsar Nicholas British King George's first cousin and his children so there could be no return to the old order As Russia fractured into loyalist White and revolutionary Red factions the British government became increasingly drawn into the escalating Russian Civil War after hundreds of thousands of German troops transferred from the Eastern Front to France were used in the 1918 Spring Offensive which threatened Paris What began with the landing of a small number of Royal Marines at Murmansk in March 1918 to protect Allied donated war stores quickly escalated with the British government actively pursuing an undeclared war against the Bolsheviks on several fronts in support of British trained and equipped White Russian Allies At the height of British military intervention in mid 1919 British troops were fighting the Soviets far into the Russian interior in the Baltic North Russia Siberia Caspian and Crimea simultaneously The full range of weapons in the British arsenal were deployed including the most modern aircraft tanks and even poison gas British forces were also drawn

into peripheral conflicts against White Finnish troops in North Russia and the German Iron Division in the Baltic. It remains a little known fact that the last British troops killed by the German Army in the First World War were killed in the Baltic in late 1919, nor that the last Canadian and Australian soldiers to die in the First World War suffered their fate in North Russia in 1919, many months after the Armistice. Despite the award of five Victoria Crosses, including one posthumous, and the loss of hundreds of British and Commonwealth soldiers, sailors, and airmen, most of whom remain buried in Russia, the campaign remains virtually unknown in Britain today. After withdrawal of all British forces in mid-1920, the British government attempted to cover up its military involvement in Russia by classifying all official documents. By the time files relating to the campaign were quietly released decades later, there was little public interest. Few people in Britain today know that their nation ever fought a war against the Soviet Union. The culmination of more than 15 years of painstaking and exhaustive research, with access to many previously classified official documents, unpublished diaries, manuscripts, and personal accounts, author Damien Wright has written the first comprehensive campaign history of British and Commonwealth military intervention in the Russian Civil War, 1918-20. Allied intervention in the Russian Civil War remains forgotten. Wright's book addresses that oversight, interspersing the broader story with personal accounts of participants. *Military History Magazine*

Colonel Thorndyke brought home from India a diamond bracelet stolen from a Hindu idol by a British soldier. Theft from a Hindu temple was considered a crime in India, obligating one or more persons to hunt down the thief and bring back what was stolen. The members of the Thorndyke family soon learned that they were being watched but could not determine whether by English highwaymen or Indian pursuers. A mysterious death followed, and this determined Mark Thorndyke, the hero of the tale, to become a detective in the London police force for the purpose of unraveling the mystery. **The Trial at Bar of Sir Roger C.D.
