Winner James Beard Foundation Book Award 2016 Art of Eating Prize 2015 BCALA Outstanding Contribution to Publishing
Citation Black Caucus of the American Library Association 2016 Women of African descent have contributed to America s
food culture for centuries but their rich and varied involvement is still overshadowed by the demeaning stereotype of an
illiterate Aunt Jemima who cooked mostly by natural instinct To discover the true role of black women in the creation of
American and especially southern cuisine Toni Tipton Martin has spent years amassing one of the world s largest private
collections of cookbooks published by African American authors looking for evidence of their impact on American food
families and communities and for ways we might use that knowledge to inspire community wellness of every kind The Jemima
Code presents more than 150 black cookbooks that range from a rare 1827 house servant s manual the first book published
by an African American in the trade to modern classics by authors such as Edna Lewis and Vertamae Grosvenor The books
are arranged chronologically and illustrated with photos of their covers many also display selected interior pages including
recipes Tipton Martin provides notes on the authors and their contributions and the significance of each book while her
chapter introductions summarize the cultural history reflected in the books that follow These cookbooks offer firsthand
evidence that African Americans cooked creative masterpieces from meager provisions educated young chefs operated food
businesses and nourished the African American community through the long struggle for human rights The Jemima Code
transforms America s most maligned kitchen servant into an inspirational and powerful model of culinary wisdom and
cultural authority **Meat Business Magazine** ,1992 **Bowker's Complete Video Directory, 1998** ,1998 *Gourmet*
