Gordon D. Fee, Douglas Stuart

Barren In The Promised Land:

Barren in the Promised Land Elaine Tyler May, 1997 Chronicling astonishing shifts in public attitudes toward reproduction May reveals the intersection between public life and the most private part of our lives sexuality procreation and family

The Prairie West as Promised Land R. Douglas Francis, Chris Kitzan, 2007 Millions of immigrants were attracted to the Canadian West by promotional literature from the government in the late 19th century to the First World War bringing with them visions of opportunity to create a Utopian society or a chance to take control of their own destinies

Adopting America Carol J. Singley, 2012-01-01 American literature abounds with orphans who experience adoption or placements that resemble adoption These stories do more than recount adventures of children living away from home They tell an American story of family and national identity In narratives from the seventeenth to the early twentieth century adoption functions as narrative event and trope that describes the American migratory experience the impact of Calvinist faith and the growth of democratic individualism The roots of literary adoption appear in the discourse of Puritan settlers who ambivalently took leave of their birth parent country and portrayed themselves as abandoned children Believing they were chosen children of God they also prayed for spiritual adoption and emulated God's grace by extending adoption to others Nineteenth century adoption literature develops from this notion of adoption as salvation and from simultaneous attachments to the Old World and the New In domestic fiction of the mid nineteenth century adoption also reflects a focus on nurture in childrearing increased mobility in the nation and middle class concerns over immigration and urbanization assuaged when the orphan finds a proper loving home Adoption signals fresh starts and the opportunity for success without genealogical constraints especially for white males but inflected by gender and racial biases it often entails dependency for girls and children of color A complex signifier of difference adoption gives voice to sometimes contradictory calls to origins and fresh beginning to feelings of worthiness and unworthiness In writings from Cotton Mather to Edith Wharton it both replicates and offers an alternative to the genealogical norm evoking ambivalence as it shapes national mythologies

Promised Land: Whose Land? Whose Promise? Plammoottil Cherian, 2019-06-13 Biblical interpretation of the Abrahamic Covenants and his descendants often present a bias against the Arabs and Ishmaelites perhaps due to lack of full knowledge of God's covenantal promises and blessings to humanity Dr Cherian presents clear evidences that God has no partiality and that Jews Christians Arabs Muslims Hindus and all people are equally called to be the partakers of the Kingdom of God Ishmael was not rejected but he and his generations were abundantly blessed and they have a continuous role to play in the end stages of the world As a skilled detective the author examines the Scriptures and calls all people to unlock the Bible and fight for the Eternal Promised Land The book presents A complete history of God and humanity The American Stud Book, 1910 Containing full pedigree of all the imported thorough bred stallions and mares with their produce The Second Coming of Christ Aimee Semple McPherson, 1921 **Like Our Very Own** Julie Berebitsky, 2000 A fascinating
