misuse our power Weaving together compelling stories with cutting edge science Bohns answers the questions we all want to know but may be afraid to ask How much did she take to heart what I said earlier Do they know they can push back on my suggestions Did he notice whether I was there today Will they agree to help me if I ask Whether attending a meeting sharing a post online or mustering the nerve to ask for a favor we often assume our actions input and requests will be overlooked or rejected Bohns and her work demonstrate that people see us listen to us and agree to do things for us much more than we realize for better and worse You Have More Influence Than You Think offers science based strategies for observing the effect we have on others reconsidering our fear of rejection and even sometimes pulling back to use our influence less It is a call to stop searching for ways to gain influence you don t have and to start recognizing the influence you don t realize you already have
