Clyfford Still:

Clyfford Still Clyfford Still, David Anfam, Hirshhorn Museum and Sculpture Garden, Brooks Adams, Neal David Benezra, 2001-01-01 The contributors to this volume explore various aspects of Still's art, his accomplishments and the New York School. David Anfam presents an overview of Still's career from the 1930s through the 1950s. Neal Benezra focuses on a provocative unexplored element of Still's studio practice: his habit of painting replicas of many of his own works. Brooks Adams examines Still's artistic legacy and influence on succeeding generations of artists. **BOOK JACKET**

Clyfford Still Clyfford Still, 1979 Clyfford Still is America's most important, most significant and most daring artist. This painter, pursuing a course independent of the conventional apparatus of art dealers and galleries, almost never exhibits except under museum auspices. For these reasons, a Clyfford Still exhibition is a major event in the art world, and a book on Clyfford Still is a major event in the world of publishing. The present volume, which records the 1979-80 exhibition of seventy-nine Still paintings dating from 1942 to 1978 at The Metropolitan Museum of Art, the largest exhibition of his work ever held, is the most comprehensive book on Still's work and thus an important document of twentieth-century art. Although Still has always kept aloof from the stereotyping nomenclature of schools and movements, he has had a powerful impact on contemporary art. His monumental canvases, bold forms saturated with intense color, are of surpassing scale and power. It is easy to understand why Still prefers the extended coverage that is generally possible in a museum environment: his works are charged with a sustaining energy that relates them to one another over the almost forty years that their creation spans, and when viewed seriatim they convey a transcendent narrative quality. Each of the seventy-nine paintings in the Metropolitan Museum's exhibition is reproduced here as a full page or fold-out color plate and is fully documented. Many other major works by Still are illustrated in black and white. Notes by the artist, selected letters from his files, and a biographical outline are accompanied by documentary photographs. The book contains a preface by Philippe de Montebello, director of The Metropolitan Museum of Art, and an enlightening introduction by the eminent art critic Katharine Kuh. **Clyfford Still**

Susan F. Lake, Barbara A. Ramsay, 2022-04-05 This groundbreaking book provides the first detailed account of the materials and techniques of perhaps the most radical and until now least studied major American Abstract Expressionist. Among the most radical of the great American Abstract Expressionist painters, Clyfford Still has also long been among the least studied. Still severed ties with the commercial art world in the early 1950s, and his estate at the time of his death in 1980 comprised some 3,125 artworks, including more than 800 paintings that were all but unknown to the art world. Susan F. Lake and Barbara A. Ramsay were granted access to this collection by the estate and by the Clyfford Still Museum in Denver, which houses this immense corpus today. This volume, based on the authors' materials research and enriched by their unprecedented access to Still's artworks, paints, correspondence, studio records, and personal library, provides the first detailed account of his materials, working methods, and techniques. Initial chapters provide an engaging and erudite overview of the artist's life.

Subsequent chapters trace the development of his visionary style offer in depth materials analysis of selected works from each decade of his career and suggest new approaches to the care and conservation of his paintings There is also a series of technical appendices as well as a full bibliography **Paintings by Clyfford Still** Buffalo Fine Arts Academy, Clyfford Still, 1959 Clyfford Still, 1904-1980 Clyfford Still, Albright-Knox Art Gallery, 1992 *Clyfford Still* Clyfford Still, 1966
