world when it came to addressing the vexing question of South Africa's racial policies but the rugby tour changed all that. Those who had been a part of the country's tiny anti-apartheid struggle for decades used the visit from one of white South Africa's most cherished institutions to mobilize against both apartheid sport and the South African regime more broadly. Protestors met the South African team at airports, chanted outside their hotels, and courted arrests at matches which ranged from the bizarre to the laughable, with organizers going to incredible lengths to keep their locations secret. In telling the story of how a sport little appreciated in the United States nonetheless became ground zero for the nation's growing anti-apartheid movement, *Flashpoint* serves as a poignant reminder that sports and politics have always been closely intertwined. *The Greatest Gift* Angus Peter Campbell, 1992     *The American Mercury* George Jean Nathan, Henry Louis Mencken, 1928
