COBOL

FOR THE
BUSINESS COMMUNITY

COBOL is a high-level programming language designed for business data processing. It is a standard language that can be used on a wide variety of computers. The American National Standard for COBOL is the result of a long and successful effort by the American National Standards Institute (ANSI) and the International Organization for Standardization (ISO).

COBOL is a structured programming language that is easy to learn and use. It is designed to be portable, so that programs written in COBOL can be run on a wide variety of computers. COBOL is also designed to be efficient, so that programs written in COBOL can run quickly and use little computer memory.
