Baptism and the Unity of the Church Michael Root,Risto Saarinen,1998 What does a common baptism mean for the unity of the churches Do the churches in fact share in a common baptism This volume is the first comprehensive study of the meaning of baptism for church unity to be written by an ecumenical group of theologians Orthodox Catholic Lutheran Reformed Anglican and Baptist These essays explore such themes as how baptism relates to the communion shared by the churches and the relationship of baptism and church unity as found in the New Testament in the ecumenical dialogues and in the liturgies of the churches

Recapturing an Enchanted World John D. Rempel,2020-01-28 While the Free Churches rightly sought to cleanse the church of the abuses of sacramentalism in that process they also set aside some of the church s historic practices and theology In response to this liturgically thin space Mennonite theologian and minister John D Rempel considers the role of the sacraments and ritual within the Free Church tradition helping us perceive the sacramental nature of our faith and worship

Nicene and Post-Nicene Fathers: First Series, Volume IV St. Augustine: The Writings Against the Manichaeans, and Against the Donatists Philip

Schaff,2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume IV of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find Augustines writings defending the Catholic church against the Manichaeans and the Donatists Manichaeism was a religion developed in Persia by the prophet Mani According to this religion creation has two parts darkness and light Light is God and has ten attributes Opposing this and coeternal with it is darkness and its five attributes Saint Augustine was originally a Manichaean so his defense of Christianity against this religion comes from a deep understanding of its nature Donatists were a group of believers who refused to forgive those who had renounced their faith during a time of persecution which caused a schism in Christianity In opposing these men Augustine attempted to mend the rift Those with an interest in ancient religions will find Augustines writings on

CATHOLIC WAY PUBLISHING **The Writings Against The Manichaeans And The Donatists** St. Augustine of Hippo, This volume gives a fair sample of Augustin s controversial powers His nine years personal experience of the vanity of Manich ism made him thoroughly earnest and sympathetic in his efforts to disentangle other men from its snares and also equipped him with the knowledge requisite for this task No doubt the Pelagian controversy was more congenial to his mind His logical acuteness and knowledge of Scripture availed him more in combating men who fought with the same weapons than in dealing with a system which threw around its positions the mist of Gnostic speculation or veiled its doctrine under a grotesque mythology or based itself on a cosmogony too fantastic for a Western mind to tolerate 25 But however Augustin may have misconceived the strange forms in which this system was presented there is no doubt that he comprehended and demolished its fundamental principles 26 that he did so as a necessary part of his own personal search for the truth and that in doing so he gained possession vitally and permanently of ideas and principles which subsequently entered into all he thought and wrote In finding his way through the mazes of the obscure region into which Mani had led him he once for all ascertained the true relation subsisting between God and His creatures formed his opinion regarding the respective provinces of reason and faith and the connection of the Old and New Testaments and found the root of all evil in the created will The Baptist Quarterly ,2001 **The Works of Aurelius Augustine, Bishop of Hippo: Writings in connection with the Donatist controversy** Saint Augustine (of Hippo),1872 **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church: St. Augustin: The writings against the Manichæans, and against the Donatists** ,1887 *Worship in the Early Church: Volume 3* Lawrence J.
