Baroque Personae Rosario Villari, 1995-08-15 The Baroque which stretched from the end of the sixteenth to the second half of the seventeenth century is one of the most enigmatic eras in history In this book thirteen distinguished scholars develop a portrait of institutions ideologies intellectual themes and social structures as they are reflected in Baroque personae or characteristic social roles Studying the statesman soldier financier secretary rebel preacher missionary nun witch scientist artist and bourgeois the essays depart dramatically from traditional accounts of this era The statesman for example is seen here as the exact opposite of a benevolent man working for the common good and the soldier is depicted as part of an institution that could be savage and destructive but that also by the end of the Baroque age helped shape a more rational relationship with the military and civil society The contributors are Rosario Villari Henry Kamen Geoffrey Parker Daniel Dessert Salvatore S Nigro Manuel Mor n Jos Andr s Gallego Adriano Prospero Mario Rosa Brian P Levack Paolo Rossi Giovanni Careri and James S Amelang

The Contemporáneos Group Salvador A. Oropesa, 2010-01-01 In the years following the Mexican Revolution a nationalist and masculinist image of Mexico emerged through the novels of the Revolution the murals of Diego Rivera and the movies of Golden Age cinema Challenging this image were the Contemporáneos a group of writers whose status as outsiders sophisticated urbanites gay men women gave them not just a different perspective but a different gaze a new way of viewing the diverse Mexicos that exist within Mexican society In this book Salvador Oropesa offers original readings of the works of five Contemporáneos Salvador Novo Xavier Villaurrutia Agust n Lazo Guadalupe Mar n and Jorge Cuesta and their efforts to create a Mexican literature that was international attuned to the realities of modern Mexico and flexible enough to speak to the masses as well as the elites Oropesa discusses Novo and Villaurrutia in relation to neo baroque literature and satiric poetry showing how these inherently subversive genres provided the means of expressing difference and otherness that they needed as gay men He

explores the theatrical works of Lazo Villaurrutia's partner who offered new representations of the closet and of Mexican history from an emerging middle class viewpoint Oropesa also looks at women's participation in the Contemporaneos through Guadalupe Marín the sometime wife of Diego Rivera and Jorge Cuesta whose novels present women's struggles to have a view and a voice of their own He concludes the book with Novo's self transformation from intellectual into celebrity which fulfilled the Contemporaneos desire to merge high and popular culture and create a space where those on the margins could move to the center
