**Life Coaching Book** Stélio Inácio, 2017-04-22 Life coaching is something everybody needs but that just the rich can afford at price tags that go over 10,000.00. This book does it for a tiny fraction of the price. A Life Coach is a person who helps you achieve your goals in life and define your priorities by helping you on the hard task of knowing yourself and understanding what life is really about. The most famous Socrates teaching is "Know Thyself for a reason. Without knowledge of yourself, who you really are, what is happening around you, and what life really is, you will not be able to make the right choices, and people will just use you to build their dreams and live their perfect lives. This knowledge is the cornerstone for anything else you do in your life; it can help you become more successful, grow your business, choose the right partner, prepare for your retirement, grow your self-esteem, and confidence. This book does just that. This book will be your Life Coach. This book has been written over the course of years of life coaching and teaching people to be the best version of themselves. The author of this book has been obsessed with happiness and living the best possible life since he was a teenager. This life is the only thing you have, and you only live once. Do you really want to live a poor, regretful life with nothing extraordinary? Do you just want to go from where you are today to where your life ends? The author asks you to stop and think for a moment: Where are you? What are you? How are you alive? What is this thing called life? How can it be? What is the meaning of your existence? What is reality? Are you perfect? Are we the center of the universe? What is going on? Here you will find great science, knowledge, and philosophy that will help you live a fully life, make better choices, and know where your priorities should be. This is life coaching at its best; this amazing life coaching book will help you live an amazing, memorable life.
