**The Clockmaker** Thomas Chandler Haliburton, 1995  
In 1835 Thomas Chandler Haliburton introduced Samuel Slick of Slicksville Connecticut into the pages of the *Novascotian* in order to awaken his fellow citizens to the economic opportunities of their province From this Halifax newspaper trotted out the Connecticut Yankee manufacturer and seller of clocks with his original dialect and unique comic vision to become the chief character in three series of *The Clockmaker* published between 1836 and 1840

*Between Empire and Republic* Oana Godeanu-Kenworthy, 2022-01-26  
In 1837 a small group of rebels proclaimed the short lived Republic of Canada Between then and the Act of Confederation of 1867 colonial Canadians tried to imagine the future of their communities in North America The choice between monarchy and republicanism shaped both colonial self images and images of the United States it also drove the political deliberations that eventually united the colonies of British North America into a self governing Dominion under the British Crown *Between Empire and Republic* is a thematic exploration of the political discourse embedded in the literary output of the period Colonial authors Susanna Moodie Th Ch Haliburton and John Richardson enjoyed transatlantic popularity and explained colonial realities to their British Canadian and American readership Collectively their writings serve as the lens into colonial Canadian perceptions of American and British political ideas and institutions *Between Empire and Republic* discusses North America as a literary contact zone where British principles of constitutional monarchy competed with American ideas of republicanism and democratic self government The author argues that political ideas in pre Confederation Canada filtered into the literary works of the time creating two settler colonial communities whose recognizable cultural characteristics echoed public attitudes towards the political projects underpinning them

*Parallel Encounters* Gillian Roberts, David Stirrup, 2014-03-24  
The essays collected in offer close analysis of an array of cultural representations of the Canada US border in both site specificity and in the ways in which they reveal and conceal cultural similarities and differences Contributors focus on a range of regional sites along the border and examine a rich variety of expressive forms including poetry fiction drama visual art television and cinema produced on both sides of the 49th parallel The field of border studies has hitherto neglected the Canada US border as a site of cultural interest tending to examine only its role in transnational policy economic cycles and legal and political frameworks Border studies has long been rooted in the US Mexico divide shifting the locus of that discussion north to the 49th parallel the contributors ask what added complications a site specific analysis of culture at the Canada US border can bring to the conversation In so doing this collection responds to the demands of Hemispheric American Studies to broaden considerations of the significance of American culture to the Americas as a whole bringing Canadian Studies into dialogue with the dominantly US centric critical theory in questions of citizenship globalization Indigenous mobilization hemispheric exchange and transnationalism

As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
