Cloth and Human Experience Annette B. Weiner, Jane Schneider, 2013-08-06 Cloth and Human Experience explores a wide variety of cultures and eras discussing production and trade economics and symbolic and spiritual associations **The Spirit of Mourning** Paul Connerton, 2011-09-29 How is the memory of traumatic events such as genocide and torture inscribed within human bodies In this book Paul Connerton discusses social and cultural memory by looking at the role of mourning in the production of histories and the reticence of silence across many different cultures In particular he looks at how memory is conveyed in gesture bodily posture speech and the senses and how bodily memory in turn becomes manifested in cultural objects such as tattoos letters buildings and public spaces It is argued that memory is more cultural and collective than it is individual This book will appeal to researchers and students in anthropology linguistic anthropology sociology social psychology and philosophy **Handbook of Material Culture** Chris Tilley, Webb Keane, Susanne Kuechler, Mike Rowlands, Patricia Spyer, 2006-01-05 The study of material culture is concerned with the relationship between persons and things in the past and in the present in urban and industrialized and in small scale societies across the globe The Handbook of Material Culture provides a critical survey of the theories concepts intellectual debates substantive domains and traditions of study characterizing the analysis of things It is cutting edge rather than simply reviewing the field as it currently exists It also attempts to chart the future the manner in which material culture studies may be extended and developed The Handbook of Material Culture is divided into five sections Section I maps material culture studies as a theoretical and conceptual field Section II examines the relationship between material forms the human body and the senses Section III focuses on subject object relations Section IV considers things in terms of processes and transformations in terms of production exchange and consumption performance and the significance of things over the long term Section V considers the contemporary politics and poetics of displaying representing and conserving material and the manner in which this impacts on notions of heritage tradition and identity The Handbook charts an interdisciplinary field of studies that makes a unique and fundamental contribution to an understanding of what it means to be human It will be of interest to all who work in the social and historical sciences from anthropologists and archaeologists to human geographers to scholars working in heritage design and cultural studies Reading the Thread Lesley Millar, Alice Kettle, 2024-12-26 Exploring cloth as a record of experience and its role in communicating our identities this book presents cloth within its social historical psychological and cultural context **The Academy** ,1905 **The Alliance Weekly** ,1929 Piecework ,1995 The Bookseller ,1885 Official organ of the book trade of the United Kingdom **Academy and Literature** Charles Edward Cutts Birch Appleton, Charles Edward Doble, James Sutherland Cotton, Charles Lewis Hind, William Teignmouth Shore, Alfred Bruce Douglas, Ellis Ashmead-Bartlett, Thomas William Hodgson Crosland, 1905 **Light** ,1918 The World To-day ,1905 Hearst's International ,1905 **The Critic** ,1900 **"The" Athenaeum** ,1886 Athenaeum and Literary Chronicle
