## **Coal Mining In Canada A Historical And Comparative Overview:**

*Coal Mining in Canada* Delphin Andrew Muise, Robert Gordon McIntosh, National Museum of Science and Technology (Canada), 1996      [Coal Mining in Canada](#) Delphin Andrew Muise, Robert Gordon McIntosh, Canada Science and Technology Museum, 1995      **Canada's Greatest Wartime Muddle** Michael D. Stevenson, 2001-12-13 To determine the government's commitment to a comprehensive mobilization strategy Stevenson considers the effect of NSS policies on eight significant sectors of the Canadian population Native Canadians university students war industry workers coal miners longshoremen meatpackers hospital nurses and textile workers These case studies show that mobilization officials achieved only a limited number of their regulatory goals and that Ottawa's attempt to organize and allocate the nation's military and civilian human resources on a rational orderly and efficient scale was largely ineffective This detailed assessment of the effect of NSS activities on a broad cross section of Canadian society provides a fresh perspective on the domestic impact of the Second World War It will appeal to a wide range of readers interested in Canada's economic military social and political history      *A History of Law in Canada, Volume Two* Jim Phillips, Philip Girard, R. Blake Brown, 2022-11-01 This is the second of three volumes in an important collection that recounts the sweeping history of law in Canada The period covered in this volume witnessed both continuity and change in the relationships among law society Indigenous peoples and white settlers The authors explore how law was as important to the building of a new urban industrial nation as it had been to the establishment of colonies of agricultural settlement and resource exploitation The book addresses the most important developments in the seventeenth eighteenth and nineteenth centuries including legal pluralism and the co-existence of European and Indigenous law It pays particular attention to the Métis and the Red River Resistance the Indian Act and the origins and expansion of residential schools in Canada The book is divided into four parts the law and legal institutions Indigenous peoples and Dominion law capital labour and criminal justice and those less favoured by the law *A History of Law in Canada* examines law as a dynamic process shaped by and affecting other histories over the long term      [When Coal Was King](#) John Hinde, 2011-11-01 The town of Ladysmith was one of the most important coal mining communities on Vancouver Island during the early twentieth century The Ladysmith miners had a reputation for radicalism and militancy and engaged in bitter struggles for union recognition and economic justice most notably the Great Strike of 1912-14 This strike one of the longest and most violent labour disputes in Canadian history marked a watershed in the history of the town and the coal industry This book explains the origins of the 1912-14 strike by examining the development of the coal industry on Vancouver Island the founding of Ladysmith the experience of work and safety in the mines the process of political and economic mobilization and how these factors contributed to the development of identity and community While the Vancouver Island coal industry and the strike have been the focus of a number of popular histories this book goes beyond to emphasize the importance of class ethnicity gender and community in creating the conditions for the emergence and mobilization of the working class

population Informed by current academic debates on the matter and within the discipline this readable history takes into account extensive archival research and will appeal to historians and others interested in the history of Vancouver Island

**Material History Review** ,2004 Quarterly Bulletin of the Canadian Mining Institute Canadian Institute of Mining, Metallurgy and Petroleum,1928 Mining Country John Sandlos,Arn Keeling,2021-09-07 Mining has had a significant presence in every part of Canada from the east to west coasts to the far north This book tells the stories of those who built Canada s mining industry It highlights the experiences of the people who lived and worked in mining towns across the country the rise of major mining companies and the emergence of Toronto and Vancouver as centres of global mining finance It also addresses the devastating effects mining has had on Indigenous communities and their land and documents several high profile resistance efforts Mining Country presents fascinating snapshots of Canadian mining past and present from pre contact Indigenous copper mining and trading networks to the famous Cariboo and Klondike Gold Rushes Generously illustrated with more than 150 visuals drawn from every period of mining history this book offers a thorough account of the story behind the industry Canada's "new Main Street" David W. Monaghan,2002 *Cape Bretoniana* Beaton Institute of Cape Breton Studies,2005-01-01 Nova Scotia s Cape Breton Island is a beautiful region with a unique community whose history and ethnic composition have resulted in the evolution of a powerful sense of identity and place While outsiders may think only of the island s perennial economic woes and long economic dependence on coal mining and steel production it is also the home of a rich vibrant and distinct culture Brian Douglas Tennyson s Cape Bretoniana is the first bibliography to gather together all known publications relating to the history culture economy and politics of Cape Breton Island With more than 6000 entries it not only provides a comprehensive listing of publications and post graduate theses but also detailed annotations on the listings Each entry lists the author title place of publication publisher date of publication volume and issue number in the case of periodicals and page references followed by a brief description of the item Cape Breton has never been so thoroughly documented This bibliography will help to ensure that even in a world becoming increasingly homogenized by the forces of globalization unique cultural identities like Cape Breton s can be preserved and nurtured Metal Mining in Canada, 1840-1950 Jeremy Mouat,National Museum of Science and Technology (Canada),2000 **Medicine and Technology in Canada, 1900-1950** Allison Kirk-Montgomery,Shelley McKellar,2008 Over the past two centuries technology has played a significant role in the understanding diagnosis and treatment of disease in Canada Technology in the form of instruments devices machines drugs and systems has aided medical science altered medical practice and changed the illness experience of patients Nineteenth century medical technology consisted of predominantly surgical and diagnostic instruments used by individual practitioners By the twentieth century large hospital based technologies operated by teams emerged as powerful tools in the identification and management of disease Our selection of diseases research initiatives and medical treatments highlights larger patterns in medicine identifies Canadian contributions and considers the impact of

these innovations on Canadian society In this fifty year period public health initiatives limited the spread of contagious diseases and addressed the problem of impure water and milk Medical practitioners used X rays to diagnose tuberculosis and to treat cancer The discovery of insulin in Toronto in 1921 22 offered a management therapy for diabetes patients who were otherwise facing certain death *Danger, Death and Disaster in the Crowsnest Pass Mines, 1902-1928* Karen Lynne Buckley,2004 The Crowsnest Pass is famous for the tragic rock slide at Frank in 1903 but almost as famous are the many coal mining tragedies that afflicted the region in the early twentieth century With the discovery of a rich coal deposit in the region the area underwent an economic boom and a spike in population that is still evidenced today Unfortunately with this type of mining in rugged and often dangerous conditions comes the threat of disaster and occasionally death This book examines carefully the various calamities that have afflicted the area and considers the impact on the inhabitants and victims of these numerous tragedies Using original source material such as grave markers folk songs and oral histories the author portrays vividly the psychological and sociological features of both the individual and collective responses to death and danger giving the reader a unique picture of mining communities that is as true today as it was a century ago **Making Cars in Canada** Richard White,2007 Colonization and Community John Douglas Belshaw,2002 In the nineteenth century coal miners imported from Europe Asia and eastern North America burrowed beneath the Vancouver Island towns of Nanaimo Wellington and Cumberland No group was as numerous and influential in this enterprise as the hundreds of British immigrants who travelled half way around the world to take up back breaking work in the most remote colony in the Empire What drew the British miners and their families to the north Pacific Why did they set aside six months to journey to a colony about which they knew little Once they reached Vancouver Island what did they make of it and what did they make it into And how did they re make themselves in the process In *Colonization and Community* John Belshaw takes a new look at British Columbia s first working class the men women and children beneath and beyond the pit head Beginning with an exploration of emigrant expectations and ambitions he investigates working conditions household wages racism industrial organization gender schooling leisure community building and the fluid identity of the British mining colony the archetypal west coast proletariat By connecting the story of Vancouver Island to the larger story of Victorian industrialization he delineates what was distinctive and what was common about the lot of the settler society Belshaw breaks new ground challenging the easy assumptions of transferred British political traditions analyzing the colonial at the household level and revealing the emergent communities of Vancouver Island as the cradle of British Columbian working class culture *Feds, Forests, and Fire* Richard Allan Rajala,Canada Science and Technology Museum,2005 **The Most Benevolent Machine** Sharon Anne Babaian,National Museum of Science and Technology (Canada),1998 **The Mining West** Richard E. Lingenfelter,2003 This two volume set cites books pamphlets maps music directories and other published materials excluding materials from technical and popular magazines and newspapers on the history of mining in the American and Canadian West Topics

covered include prospecting mining rushes and camps and mining finance labor technology law literature and lore The initial portion provides general information on mining and metalurgical technology The subsequent regional sections are subdivided into refined historical studies raw materials fictional and poetic treatments and bibliographical guides to further materials
