Dubious Spectacle Extremities Of Theater 1976 :

The Dubious Spectacle Herbert Blau, 2002-01-01 Spanning a quarter of a century the essays in this book rehearse in the movement of memory and cross reflection an extensive career in theater The work of Herbert Blau his directing writing and criticism has been a determining force during this period as theater encounters theory **The Very Thought of Herbert Blau** Clark Lunberry, Joseph Roach, 2018-10-22 Herbert Blau 1926 2013 was the most influential theater theorist practitioner and educator of his generation He was the leading American interpreter of the works of Samuel Beckett and as a director was instrumental in introducing works of the European avant garde to American audiences He was also one of the most far reaching and thoughtful American theorists of theater and performance and author of influential books such as *The Dubious Spectacle* *The Audience* and *Take Up the Bodies* Theater at the Vanishing Point In *The Very Thought of Herbert Blau* distinguished artists and scholars offer reflections on what made Blau s contributions so visionary transformative and unforgettable and why his ideas endure in both seminar rooms and studios The contributors including Lee Breuer Sue Ellen Case Gautam Dasgupta Elin Diamond S E Gontarski Linda Gregerson Martin Harries Bill Irwin Julia Jarcho Anthony Kubiak Daniel Listoe Clark Lunberry Bonnie Marranca Peggy Phelan Joseph Roach Richard Schechner Morton Subotnick Julie Taymor and Gregory Whitehead respond to Blau s fierce and polymorphous intellect his relentless drive and determination and his audacity his authority to think as he frequently insisted at the very nerve ends of thought **Rematerializing Shakespeare** B. Reynolds, W. West, 2005-11-01 To rematerialize in the sense of *Rematerializing Shakespeare* Authority and Representation on the Early Modern English Stage is not to recover a lost material infrastructure as Marx spoke of nor is it to restore to some material existence its priority over the imaginary Indeed this collection of work by some of the most highly regarded critics in Shakespeare studies does not offer a single theoretical stance on any of the various forms of critical materialism Marxism cultural materialism new historicism transversal poetics gender studies or performance criticism but rather demonstrates that the materiality of Shakespeare is multidimensional and consists of the imagination the intended and the desired Nothing returns in this rematerialization unless it is a return in the sense of the repressed which when it comes back comes back as something else An all star line up of contributors includes Kate McLuskie Terence Hawkes Catherine Belsey and Doug Bruster **Performance in the Borderlands** R. Rivera-Servera, H. Young, 2010-11-17 A border is a force of containment that inspires dreams of being overcome and crossed motivates bodies to climb over and threatens physical harm This book critically examines a range of cultural performances produced in relation to the tensions and movements of about the borders dividing North America including the Caribbean **Against Theatre** A. Ackerman, M. Puchner, 2016-01-18 *Against Theatre* shows that the most prominent writers of modern drama shared a radical rejection of the theatre as they knew it Together with designers composers and film makers they plotted to destroy all existing theatres But from their destruction emerged the most astonishing innovations of modernist theatre **Moving Modernism** Nell

Andrew,2020-03-11 The emergence of modern dance and the early history of cinema ran concurrent with the European avant garde s development of pictorial abstraction in the first decades of the 20th century However many assume that modernist abstraction resulted from a century of natural autonomous evolution to painting styles and tastes In *Moving Modernism* author Nell Andrew challenges this assumption By examining dance and film created during this period she argues that performative modes of art created the link between bodily movement and movement depicted in modernist paintings In a seeming paradox dance and film durational arts involving real bodies in space participated in the development of abstract art With archival material collected in North America and Europe *Moving Modernism* resurfaces lost performances identifies working methods and establishes the circles of aesthetic influence and reception for avant garde dance pioneers and experimental film makers from the turn of the century to the interwar period Reexamining the motivation that fueled the emergence of abstraction Andrew claims that painters sought meaning not only in the material and formal picture but also in temporal and sensorial experience Andrew looks at major figures and intellectual movements including Lo e Fuller and Symbolism Valentine de Saint Point and the Cubo Futurist and neo Symbolist movements and early cinematic abstraction from Edison and the Lumi res to Hans Richter and Marcel Duchamp Close examinations of each figure show that theatrical display embodied self projection and kinesthetic desire are not necessarily in opposition to pictorial abstraction in fact they expand our understanding of the urges that created modern art *Journal of Dramatic Theory and Criticism* ,2004

Theatre in Theory 1900-2000 David Krasner,2008 Featuring the writings of Wilde Brecht T S Eliot and Tennessee Williams among many others this book considers theatrical aesthetics dramatic criticism and performance theory to help students teachers and practitioners to think critically about the nature of theatre **Critical Theory and Performance** Janelle G. Reinelt,Joseph R. Roach,2007 Updated and enlarged this groundbreaking collection surveys the major critical currents and approaches in drama theater and performance *Theater* ,2002 **Theatre Survey** ,2004 The American journal of theatre history **Shakespeare Quarterly** ,1950 *The Returns of Alwin Nikolais* Claudia Gitelman,Randy Martin,2007-06-04 Long overdue reflections on a visionary choreographer Special Section, Updating Shakespeare Tetsuo Kishi,2007 The Shakespearean International Yearbook continues to provide an annual survey of important issues and developments in contemporary Shakespeare studies This year the volume includes a special section on Updating Shakespeare looking at Shakespearean adaptation in several countries Contributors to the volume come from the US and the UK Poland Japan and Brazil **Non-representational Performance and Spectating Consciousness** William J. Zack,2005 **Contemporary Drama in English** ,2003 **Modern Austrian Literature** ,2007 **Korea Journal** ,2009
