Andrew Kincaid

Dublin The Shaping Of A Capital:

Dublin Andrew MacLaran,1993-11-26 The immortalization of Dublin and Dubliners share a highly romantic and idealized international image compliments of James Joyce and Brendan Behan A comprehensive urban geography of the city is examined as to how far the stereotypical picture of Dublin life and landscape engage with the real facts of a modern industrial and political capital

Dublin's Bourgeois Homes Susan Galavan,2017-04-28 In 1859 Dubliners strolling along country roads witnessed something new emerging from the green fields The Victorian house had arrived wide red brick structures stood back behind manicured front lawns Over the next forty years an estimated 35 000 of these homes were constructed in the fields surrounding the city The most elaborate were built for Dublin s upper middle classes distinguished by their granite staircases and decorative entrances Today they are some of the Irish capital s most highly valued structures and are protected under strict conservation laws Dublin s Bourgeois Homes is the first in depth analysis of the city s upper middle class houses Focusing on the work of three entrepreneurial developers Susan Galavan follows in their footsteps as they speculated in house building signing leases acquiring plots and sourcing bricks and mortar She analyses a select range of homes in three different districts Ballsbridge Rathgar and Kingstown now Dun Laoghaire exploring their architectural characteristics from external form to plan type and detailing of materials Using measured surveys photographs and contemporary drawings and maps she shows how house design evolved over time as bay windows pushed through fa ades and new lines of coloured brick were introduced Taking the reader behind the fa ades into the interiors she shows how domestic space reflected the lifestyle and aspirations of the Victorian middle classes This analysis of the planning design and execution of Dublin s bourgeois homes is an original contribution to the history of an important city in the British Empire

The Dublin Lockout, 1913 Conor McNamara, Padraig Yeates, 2017-07-24 Putting Ireland on trial Jim Larkin's verdict was damning and resolute His words resound shuddering towards the present day where class division and workers rights disputes make headlines with swelling frequency In this pioneering collection an exemplary list of contributors registers the radical momentum within Dublin in 1913 its effects internationally and its paramount example in shaping political activism within Ireland to this day The narrative of the beleaguered yet dignified workers who stood up to the greed of their Irish masters is examined revealing the truths that were too fraught with trauma shame and political tension to remain within popular memory Beyond the animosity and immediate impact of the industrial dispute are its enduring lessons through the First World War the Easter Rising and the birth of the Irish Free State its legacy real and adopted instructs the surge of activism currently witnessed but to what effect The Dublin Lockout 1913 illuminates this pivotal class war in Irish history inspiring shocking and the nearest thing Ireland had to a debate on the type of society that was wanted by its citizens

Dublin Docklands Reinvented Niamh Moore, Niamh Moore-Cherry, 2008 Over the last twenty years the redevelopment of the docklands has radically altered the physical fabric and social structure of a large part of Dublin City both north and south of the river What has happened in the city is not entirely unique and has many international parallels in places like New York London and Sydney This book sets out to examine how global urban influences have interacted with local processes to transform a former marginal part of Dublin city into an economically successful and vibrant urban quarter It offers an up to date and detailed account of the changes that have taken place and highlights some of the difficulties encountered by a number of agencies along the way including the controversy over the redevelopment of Spencer Dock the problems of contamination at the Grand Canal Dock and the future challenges of regenerating the Poolbeg Peninsula The book places significant emphasis on the politics of redevelopment and the role of particular individuals in re shaping this urban district
