Smedal,2009 On the basis of diverse ethnographic contexts in Oceania Asia and the Middle East the author s challenge current conceptions of hierarchical formations and reassess former debates both with regard to new theoretical issues and the new world situation of post colonial and neocolonial agendas

The Duke's Desire Erica Ridley,2019-12-24 A delightfully improper romp between a buttoned up blacksmith and a spinster who loves racy novels from a New York Times bestselling author Meg Church adores two things life in a village of perennial Yuletide and the freedom of being a spinster with no reputation to protect Oh very well three things She s harbored a secret tendre for Christmas curmudgeon Lucien le Duc since the moment she first glimpsed him But the sexy blacksmith won t give her the time of day much less a night of torrid passion Ever since Lucien le Duc was forced to flee his beloved France during the revolution his all consuming goal has been to recover not only his lost land and fortune but also his rightful place among the French aristocracy He would never be distracted by an English dairy maid s sultry glances or her soul consuming kisses or the temptation to turn one night into forever The 12 Dukes of Christmas is a series of heartwarming Regency romps nestled in a picturesque snow covered village Twelve delightful romances and plenty of delicious dukes

The Headless State David Sneath,2007 Sneath argues that aristocratic power and statelike processes of administration were the true organizers of life on the steppe Rethinking the traditional dichotomy between state and nonstate societies Sneath conceives of a headless state in which a configuration of statelike power was formed by the horizontal relations among power holders and was reproduced with or without an overarching ruler or central head In other words almost all of the operations of state power existed at the local level virtually independent of central bureaucratic authority

Historical Romance Erica Omance,2015-06-04 I will never forget the night that changed my life forever My father came home in a drunken stupor I was supposed to be asleep already but I had snuck into the library for a new book to read The door crashed open and papa stumbled in calling for mama **Norman Rule in Normandy, 911-1144** Mark S.

Hagger,2017 In around 911 the Viking adventurer Rollo was granted the city of Rouen and its surrounding district by the Frankish King Charles the Simple Two further grants of territory followed in 924 and 933 But while Frankish kings might grant this land to Rollo and his son William Longsword these two Norman dukes and their successors had to fight and negotiate with rival lords hostile neighbours kings and popes in order to establish and maintain their authority over it This book explores the geographical and political development of what would become the duchy of Normandy and the relations between the dukes and these rivals for their lands and their subjects fidelity It looks too at the administrative machinery the dukes built to support their regime from their toll collectors and vicomtes an official similar to the English sheriff to the political theatre of their courts and the buildings in which they were staged At the heart of this exercise are the narratives that purport to tell us about what the dukes did and the surviving body of the dukes diplomas Neither can be taken at face value and both tell us as much about the concerns and criticisms of the dukes subjects as they do about the strength of the dukes authority The diplomas in particular because most of them were not written by scribes attached to the dukes households but rather by their beneficiaries can be used to recover something of how the dukes subjects saw their rulers as well as something of what they wanted or needed from them Ducal power was the result of a dialogue and this volume enables both sides to speak Mark Hagger is a senior lecturer in medieval history at Bangor University **The Low**

Countries: A History Anthony Bailey,2016-03-29 Here from British historian and New Yorker senior writer Anthony Bailey is the dramatic story of the Low Countries Belgium the Netherlands and Luxembourg from the early days of nomads and barbarian invaders to the birth of towns and cities to the rise and decline of world prominence and finally to the dark and tragic days of World War II *Oyster Bay Town Records: 1653-1690, with an appendix containing an historical sketch by George W. Cocks (who also prepared part of the copy for this volume in 1898 for the Oyster Bay Historical Society) and various important documents* Oyster Bay (N.Y.),1916 **The Duke's Desire** Margaret Moore,2010-04-07 She fled the bed of the duke of Deighton and returned to her life of quiet respectability But VerityDavis Jones could never forget Galen Bromney her notorious duke for she saw him daily in the face of their child the daughter shemust deny him along with her heartfelt love Ten years of self imposed exile had done little to dissuade GalenBromney of the rightness of being with Verity Yet how would he everconvince the woman of his dreams that a life together raising theirdaughter was his deepest desire

Family Power in Southern Italy Patricia Skinner,2003-11-13 This 1995 book explores how political power was exerted and family identity expressed in the context of reconstruction of the noble families of the medieval duchies of Gaeta Amalfi and Naples Localised forms of power and the impact of the Norman conquest on southern Italy are assessed by means of a remarkable collection of charters preserved in the Codex diplomaticus Cajetanus The duchy of Gaeta like its neighbours was ruled as a private family business An integral part of its ruling family s power was its monopolisation of parts of the duchy s economy the use of members of the clan to rule local centres When the family broke up the duchy fell to outside predators The three duchies reacted in different ways to the Normans Gaeta flourished commercially in the twelfth century and its unique political response to contacts with the cities of northern Italy especially Genoa forms the final part of this study
