Sebastian Brünink

Duplessis The Union Nationale Administ:

Failure of L'Action Libérale Nationale Patricia G. Dirks,1991 The formation in 1934 of the Action libérale nationale ALN as a third party in Quebec was largely a response Patricia Dirks reveals to the growing belief that the laissez faire economic and social policies of Taschereau's Liberal government in Quebec allowed continued domination of francophone professionals and businessmen by anglophone big business interests and threatened to turn the working class toward socialism Failure of l'Action Libérale Nationale Patricia Dirks,1991-08-01 The ALN gained widespread business popular and church support by promising francophones both control of a modern Quebec economy and preservation of the traditional social order As Dirks shows however this support came from people with different and sometimes contradictory objectives causing internal tensions which weakened the ALN from the outset This weakness was compounded by poor leadership financial difficulties and the tactics of the other political parties in Quebec The Quebec Liberal and Conservative Parties worked independently to undermine the ALN and any possibility of its gaining power in Quebec Maurice Duplessis leader of the Quebec Conservative party skilfully exploited the ALN's weaknesses in the interests of his own party by the formation of the Union Nationale This coalition of the ALN and the provincial Conservatives capitalized on the popularity of the ALN to win the provincial election of 1935 but ensured that power remained in the hands of what was essentially the Quebec Conservative Party Dirks insight into the political history of Quebec is informed by a multitude of sources She conducted interviews with many of the leading political players of the time including the late Paul Gouin the original leader of the ALN She also consulted many public and private archives including Gouin's and was allowed unrestricted access to Duplessis papers for the period up to 1939 the year the ALN ceased to exist In relating the rise and fall of the ALN to the socio economic ideological and political developments which shaped Quebec during the early decades of the twentieth century Dirks reveals its long term impact on the operation and organization of political parties in Quebec and Canada **Duplessis** Conrad Black,1977 *J.W. McConnell* William Fong,2008-10-24 J W McConnell 1877 1963 born to a poor farming family in Ontario became one of the wealthiest and most powerful businessmen of his generation in Canada and internationally Early in his career McConnell established the Montreal office of the Standard Chemical Company and began selling bonds and shares in both North America and Europe establishing relationships that would lead to his enormous financial success He was involved in numerous businesses from tramways to ladies fashion to mining and served on the boards of several corporations For nearly fifty years he was president of St Laurence Sugar and late in life he became the owner and publisher of the Montreal Star McConnell was an indefatigable and formidable fundraiser for the YMCA the war effort of 1914 18 hospitals and McGill University where he served as governor for almost three decades In 1937 he established what would become The J W McConnell Family Foundation the first major foundation in Canada and still one of the best endowed J W McConnell was a principled and brilliant visionary with a strong work ethic and a deep commitment to the public good a Rockefellerian figure

in both big business and high society who quietly became one of the greatest philanthropists of his time His life story told in uncompromising detail by William Fong is a study of raising spending and giving away money on the grandest scale **The Evolving Physiology of Government** O. P. Dwivedi, Tim A. Mau, Byron M. Sheldrick, 2009-06-20 Canadian public administration has provided a rich ground for examining the changing nature of the state Currents of political change have rippled through the administration of the public sector often producing significant alterations in our understanding of how best to organize and administer public services This volume brings together some of the leading Canadian and international scholars of public administration to reflect on these changes and their significance Providing a historical perspective on public administration in Canada the volume examines the shift from a traditional model of administration to newer forms such as new public management and governance and explores current debates and the place of Canadian public administration within a broader comparative perspective Published in English *Contemporary Quebec* Michael D. Behiels, Matthew Hayday, 2011-11-30 In the last seventy years Quebec has changed from a society dominated by the social edicts of the Catholic Church and the economic interests of anglophone business leaders to a more secular culture that frequently elects separatist political parties and has developed the most comprehensive welfare state in North America In *Contemporary Quebec* leading scholars raise provocative questions about the ways in which Quebec has been transformed since the Second World War and offer competing interpretations of the reasons for the province's quiet and radical revolutions *Executive Styles in Canada* Institute of Public Administration of Canada, 2005-01-01 *Executive Styles in Canada* places equal emphasis on both levels explaining how and in what way cabinet systems have conformed to or diverged from this general pattern *Current Biography*, 1948 **Prologue**, 2017 **Debts to Pay** John F. Conway, 2004-04-01 Since the resignation of Lucien Bouchard and Jean Charest's resounding win in the recent provincial election many in English Canada have come to believe that Quebec separatism has finally been defeated But polls show that sovereignty is still strongly supported by many Quebeckers and by young people in particular This new edition of *Debts to Pay* a book dealing with Quebec Canada relations offers a fresh perspective on the recent changes in Quebec Saskatchewan based sociologist and historian John Conway investigates the early days of Jean Charest's government and looks ahead to the effect that Paul Martin's ascension in Ottawa could have on Canada's constitutional struggles Conway attempts to understand Quebec's aspirations by understanding its history Through a discussion of relations between Quebec and Canada in the past and present he explores the division of power between the two societies and provides insights into the source of Quebec's grievances *Debts to Pay* offers insight into the bitter and longstanding rift that still remains a threat to the integrity of the Canadian nation **Social Realism in the French-Canadian Novel** Ben-Zion Shek, 1977 **Journal of the Parliaments of the Commonwealth**, 1953 **The Quebec Revolution** Hugh Bingham Myers, 1964 *Canadian Transport*, 1960 **The Annual Register of World Events** Edmund Burke, 1953 *The Annual Register*, 1953 *The True Face of*
