Dutch Culture In A European Perspective:

Dutch Culture in a European Perspective: 1800, blueprints for a national community Willem Frijhoff, Marijke Spies, 2004 Dutch Culture in a European Perspective Willem Frijhoff, Marijke Spies, Joost Kloek, Wijnand W. Mijnhardt, Jan Bank, Maarten van Buuren, Kees Schuyt, Ed Taverne, 2004 Dutch Culture in a European Perspective Willem Frijhoff, Marijke Spies, Joost Kloek, 2005-04 **Dutch Culture in a European Perspective 2; 1800; Blueprints for a National Community** J. Kloek, W. Mijnhardt, 2004-12-10 Focusing on the late Eighteenth Century and early Nineteenth Century Blueprints for a National Community describes the transition of the federative Republic into the unified Kingdom of the Netherlands which for fifteen years also included Belgium This revolution was more than a political incident and resulted from an extensive debate about the organization of society The authors show how much energy and creativity was mobilized at this time in order to adjust what had become a rather archaic society to changing conditions and to offer the perspective of a new future *Dutch Culture in a European Perspective: 1950, prosperity and welfare* Willem Frijhoff, Kees Schuyt, Marijke Spies, 2004 Dutch Culture in a European Perspective: 1800 : blueprints for a national community ,2004 **Dutch Culture in a European Perspective: 1950 : prosperity and welfare** ,2004 **Dutch Culture in a European Perspective: Accounting for the past, 1650-2000** Willem Frijhoff, Marijke Spies, 2004 **Dutch Culture in a European Perspective: 1900, the age of bourgeois culture** Willem Frijhoff, Marijke Spies, 2004 **Dutch Culture in a European Perspective: 1900 : the age of bourgeois culture** ,2004 *1900* Jan Blank, 2004 **Dutch Culture in a European Perspective: 1650, hard-won unity** Willem Frijhoff, Marijke Spies, 2004 This ambitious study presents the latest views on Dutch society during the famous Golden Age Philosophy religion and the arts are treated at length and particular attention is paid to the institutions and media responsible for the dissemination of culture including language education and the printed word Although 1650 is the central year the subject is examined in a much broader time frame which makes the book an excellent introduction to seventeenth century society in general **Dutch Culture in a European Perspective: Accounting for the past : 1650-2000** ,2004 **Dutch Culture in a European Perspective: 1650, hard-won unity** ,2004 **Dutch Culture in a European Perspective 5; Accounting for the Past; 1650-2000** D. Fokkema, F. Grijsenhout, 2004-12-10 This the fifth and final volume in the series Dutch Culture in a European Perspective contains a broad and expansive range of essays from a group of specialists each dealing with a particular aspect of Dutch cultural history and covering the period from 1650 to the present Topics which are covered include the decline of the Dutch nation state Dutch colonial history Dutch Calvinism the emancipation of women Literature Art and Music and Education **Dutch Culture in a European Perspective 4; 1900; Prosperity and Welfare** Kees Schuyt, Ed Taverne, 2005-11-29 In the two decades after World War Two the structure of political life and social conditions changed in the Netherlands There was a remarkable effort to restore the economy and bring prosperity to a population which had suffered deeply from the German

occupation and an increasing emancipation from the structures dominated by religion a gradual breaking up of denominational segregation This book examines the influence of immigration postmodernity and globalization on Dutch society during this period **Dutch Culture in a European Perspective 4; 1900; Prosperity and Welfare** K. Schuyt,E. Taverne,2004-12-10 In the two decades after World War Two the structure of political life and social conditions in the Netherlands changed dramatically There was a remarkable effort to restore the economy and bring prosperity to a population which had suffered deeply from the German occupation With this came an increasing emancipation from the structures dominated by religion a gradual breakdown of denominational segregation This book examines the influence of immigration postmodernity and globalization on Dutch society during this crucial period **Dutch Culture in a European Perspective 3** Jan Bank, Maarten Van Buuren,2005-11-29 In this book the conflicting tendencies of the nineteenth century fin de siècle sentiment and socialist movements religious revival and secularization are brought together in a narrative that focuses on the rediscovery or reconstruction of the Golden Age the Dutch colonial empire in the East Indies and the relations with South Africa the emancipation of the Roman Catholics after 1853 the Jewish community in Amsterdam and other cities and on the various Protestant denominations *Reframing Dutch Culture* Peter Jan Margry, Herman Roodenburg,2007 Dutch society has undergone radical changes in recent years due to complex political social and ethnic developments *Reframing Dutch Culture* examines issues of nationality ethnicity culture and identity in The Netherlands from an ethnological perspective linking past traditions and notions of identity with more recent transformations **The Netherlands in a European Perspective** Netherlands. Sociaal en Cultureel Planbureau,2001 How does The Netherlands compare with the other members of the European family This issue of the Social and Cultural Report is devoted chiefly to answering that question From how long we can expect to live to how much television we watch from having the most part time jobs to the least number of detached houses The report portrays Dutch society and policy in a great variety of aspects including demography economy public administration public participation and public opinion health care social security education and leisure The international comparison is largely limited to members of the EU but sometimes includes other Western countries as well Quite a number of family resemblances come to light The Netherlands shares most of its trends and problems with other European welfare states Yet some contemporary issues have taken on a distinctive profile in The Netherlands and these have been given special attention in this report

Unveiling the Magic of Words: A Review of "**Dutch Culture In A European Perspective**"
