**A Libertarian Walks Into a Bear** Matthew Hongoltz-Hetling,2020-09-15 Simultaneously hilarious poignant and deeply unsettling The New Republic A tiny American town s plans for radical self government overlooked one hairy detail no one told the bears Once upon a time a group of libertarians got together and hatched the Free Town Project a plan to take over an American town and completely eliminate its government In 2004 they set their sights on Grafton NH a barely populated settlement with one paved road When they descended on Grafton public funding for pretty much everything shrank the fire department the library the schoolhouse State and federal laws became meek suggestions scarcely heard in the town s thick wilderness The anything goes atmosphere soon caught the attention of Grafton s neighbors the bears Freedom loving citizens ignored hunting laws and regulations on food disposal They built a tent city in an effort to get off the grid The bears smelled food and opportunity A Libertarian Walks Into a Bear is the sometimes funny sometimes terrifying tale of what happens when a government disappears into the woods Complete with gunplay adventure and backstabbing politicians this is the ultimate story of a quintessential American experiment to live free or die perhaps from a bear
