Dying For Beauty Uncorrected Proof:

Hebrew Psalms and the Utrecht Psalter Pamela Berger,2020-01-28 In a major departure from previous scholarship this volume argues that the illustrations in the famous and widely influential Utrecht Psalter manuscript were inspired by a late antique Hebrew version of Psalms rather than a Latin Christian version of the text Produced during the early ninth century in a workshop near Reims France the Utrecht Psalter is illustrated with pen and ink drawings in a lively style reminiscent of Hellenistic art The motifs are largely literal renditions of words and phrases found in the book of Psalms However more than three dozen motifs cannot be explained by either the Latin text that accompanies the imagery or the commentaries of the church fathers Through a close reading of the Hebrew Psalms Pamela Berger demonstrates that these motifs can be explained only by the Hebrew text the Jewish commentary or Jewish art Drawing comparisons between the Hellenistic style of the Psalter images and the style of late antique Galilean mosaics and using evidence from recent archaeological discoveries Berger argues that the model for those Psalter illustrations dependent on the Hebrew text was produced in the Galilee Pioneering and highly persuasive this book resolves outstanding issues surrounding the origins of one of the most extensively studied illuminated manuscripts It will be mandatory reading for many historians of medieval art and literature and for those interested in the Hebrew text of the book of Psalms

Woolf Editing / Editing Woolf Eleanor McNeese, Sara Veglahn,2018-08-30 Woolf Editing Editing Woolf focuses on Woolf as editor both of her own work and of the Hogarth Press and on editing Woolf on the conflation of textual and theoretical criticism of Woolf s oeuvre Since many contributors are editors creative writers and critics contributions highlight the intersections of those three roles The essays variously addressed the granite of close textual reading and the rainbow of theoretical approaches to Woolf s writings Several more flexible versions of editing emerge in the papers that discuss adaptations of Woolf to film theatre and music Brenda Silver s contribution in memory of Julia Briggs opens the volume and James Haule s contribution concludes it
