What Christians Ought to Believe, Second Edition Michael F. Bird, 2026-02-10 The Apostles Creed is a treasure trove of basic Christian beliefs and wisdom that helps ensure the integrity and orthodoxy of our faith Sadly modern churches have often hesitated to embrace the ancient creeds because of our nothing but the Bible tradition In What Christians Ought to Believe Second Edition Michael Bird will open your eyes to the possibilities of the Apostles Creed as a way to explore and understand the essential teachings of the Christian faith This updated edition enhances the explanations to provide even more thorough expositions and illustrations of the basic tenets of Christian faith Bringing together theological commentary tips for application and memorable illustrations What Christians Ought to Believe Second Edition summarizes the basic tenets of the Christian faith using the Apostles Creed as its entryway After first emphasizing the importance of creeds for the formation of the Christian faith each chapter following the Creed's outline introduces the Father the Son and the Spirit and the Church An appendix includes the Apostles Creed in the original Latin and Greek as well as the Nicene Creed What Christians Ought to Believe Second Edition is ideally suited for both the classroom and the church setting to teach beginning students and laypersons the basics of what Christians ought to affirm if they are to be called Christians

The Belief of an Unwilling to believe Michael Murauer, 2025-07-10 Against all dogmatic ideologies What can a philosophical life orientation look like in our time Why should we favour it over a religious life orientation The future belongs to philosophy not to religions or secular ideologies With this fundamental statement Michael Murauer places himself in the tradition of Enlightenment thinking The philosopher and physician who sees no acceptable alternative to a rational debate on philosophical and especially moral issues is aware that at the end of such a debate there are no absolute truths but well founded value judgements as presented

here in a wide range of topics The Belief of an Unwilling to believe constantly balances on the edge between systematic philosophical treatise and personal confession measuring itself against the current state of thought This book attempts to summarise the philosophical criticism of ideologies taking into account the world view developed by modern science while at the same time offering orientation and help for life on the basis of philosophical thought adequate to modernity **Called to Believe, Teach, and Confess** Steven P. Mueller,2005-07-01 Called to Believe Teach and Confess offers an overview of the major doctrines of Christianity in a comprehensive but accessible way Written from a Lutheran perspective this book is a helpful resource to those within that tradition and to others who seek a deeper theological understanding Firmly rooted in Scripture this book emphasizes the interrelatedness of all Christian teaching with its central teaching being the doctrine of justification by grace through faith in Jesus Christ This book is ideal as a text for university students and other educated Christian adults who seek to expand their knowledge of God s revelation and its application in human lives It introduces and uses classical theological vocabulary and terminology while offering clear definitions and application Key terms study questions glossary and sidebars help make this a valuable resource Suggested readings from Scripture the Lutheran Confessions and other secondary sources guide the reader into deeper study **Trying Hard Not To Believe?** Carolyn Steger,2023-04-12 This book was written in the hopes of strengthening the faith of believers and of presenting strong evidence to nonbelievers of the veracity of the Scriptures Over and over again the Bible has come under attack only to be vindicated And over and over again professing atheists have become strong believers in God after doing research with the very purpose of disproving the Scriptures I believe there is overwhelming evidence from various fields of study to support Christian beliefs This book could be valuable in helping teachers to address areas of doubt that students may have regarding the Scriptures The chapters could be used as individual lessons For nonbelievers the gospel message is for us to realize that we are sinners in need of a Savior and that Jesus the sinless Son of God provided the perfect sacrifice to pay for our sins on the cross By acknowledging this to God we are saved by grace The story of the prodigal son is a well known Bible story Really it is much more the story of the father than of the son It shows that if we repent and come to God he will run to meet us with open arms Instead of seeing God as someone with a spindly finger shaking at you I hope you will realize his great love for you and come to him He is just a prayer away We are all left with our own choice to make I hope you choose Jesus **The Killdeer** James Reaney,1962 **The Witness** ,1994 International Review of Natural Family Planning ,1989 **Believe it Or Not** Charles Caldwell Dobie,1930 **Exalting Jesus in John** Matt Carter,Josh Wredberg,2017-11-01 Edited by David Platt Daniel L Akin and Tony Merida this new commentary series projected to be 48 volumes takes a Christ centered approach to expositing each book of the Bible With Christ in the school of prayer Andrew Murray,1886 *The American Ecclesiastical Review* Herman Joseph Heuser,1944 **The Romances of Alexandre Dumas** Alexandre Dumas,1894 **The Count of Monte Cristo** Alexandre Dumas,Auguste Maquet,Pier Angelo Fiorentino,1894 **Angola** Jacques
