Fortes,1945 **Analysis of the Social Structure of a Trans-Volta Tribe** Meyer Fortes,1969 *The Invention of Primitive Society* Adam Kuper,1988 Both a critical history of anthropological theory and methods and a challenging essay in the sociology of science *The Invention of Primitive Society* shows how anthropologists have tried to define the original form of human society **The Reinvention of Primitive Society** Adam Kuper,2017-02-17 *The Reinvention of Primitive Society* critiques ideas about the origins of society and religion that have been hotly debated since Darwin Tracing interpretations of the barbarian savage and primitive back through the centuries to ancient Greece Kuper challenges the myth of primitive society a concept revived in its current form by the modern indigenous peoples movement tapping into widespread popular beliefs regarding the noble savage and reflecting a romantic reaction against civilisation and science Through a fascinating analysis of seminal works in anthropology classical studies and law this book reveals how wholly mistaken theories can become the basis for academic research and political programmes Lucidly written and highly influential since first publication it is a must have text for those interested in anthropological theory and post colonial debates The Allocation of Responsibility Max Gluckman,1972 **Politics, Law and Ritual in Tribal Society** Max Gluckman,2017-09-04 What can we learn from tribal societies about the ways in which in a variety of social settings groups of men resolve their conflicts with other men In order to answer this question *Politics Law and Ritual in Tribal Society* compares nearly forty case study societies most of them in Africa in their reconstructed pre colonial tribal condition comparing their small scale social relations to their large scale social context At the outset Gluckman explains to the reader that custom is the focus of interest of all types of anthropology Yet his approach manifests a strong interest in economy politics and social relationships In the volume Max Gluckman offers a succinct version of a lifetime of opinionated analysis This material is organized by theme and the ethnographic examples appear as brief illustrations of theoretical questions Discussed here also is the relation between disputes and struggles for power within the context of mechanisms of social control and stability In addition Gluckman presents a step by step survey of the cumulative development of the anthropological analysis of tribal institutions from the nineteenth century to the present and supports the argument that anthropology is a science rather than an art The new masterful introduction by Sally Falk Moore along with a new postscript of Gluckman s professional activities and publications provides newcomers to the work of Gluckman with deep insights into the contents as well as contexts within which the great anthropologist worked **Ancient Society** ,1979
