Duane Michals:

Storyteller Linda Benedict-Jones, 2014-11-25 Accompanying a retrospective of the pioneering photographer this volume of more than 75 original works will thrill Duane Michals aficionados while introducing younger viewers to an innovative artist who redefined the role of the photograph in artistic expression A self taught photographer Duane Michals broke away from established traditions of the medium during the 1960s His messages and poems inscribed on the photographs and his visual stories created through multiple images defied the principles of the reigning practitioners of the form Indeed Michals considers himself as much a storyteller as a photographer Accompanying a major traveling retrospective of his work this book features Michals's best known early sequences *The Spirit Leaves the Body* *Paradise Regained* and *Chance Meeting* as well as works from later in his career such as *The Bewitched Bee* and *Who is Sidney Sherman* Penetrating essays situate Michals within the history of 20th century photography explore the artist's images of sexual identity and sensuality examine his legacy today and address the childlike aspects of his work a theme that has never been widely examined An annotated timeline of Michals's biography includes rare archival materials and provides a unique glimpse into his life Wide ranging and timely this volume offers a fresh appraisal of a popular artist who continues to create moving and experimental works that speak to a broad and evergrowing audience Duane Michals Duane Michals, 1978 Duane Michals Duane Michals, Centre national de la photographie (France), 1986 **The House I Once Called Home** Duane Michals, 2003 Duane Michals born 1932 was seventy when soon after the death of his mother he returned to his native Pittsburgh to revisit the house in which he was born and brought up Its deteriorated state proved a poignant focus for his memories prompting reveries on mortality and the succession of generations that found form as a sequence of photographs and poetic texts In *The House I Once Called Home* the interaction of words and images provides a sensitive and moving account of one man's journey through life Michals creates a highly affecting layering of time by superimposing new photographs onto much older images taken in the same location during his earlier life there Michals is one of America's most consistently individual and original voices in photography He rejected the documentary emphasis of much of the work that preceded him instead using the camera to explore the workings of the mind Michals sought to overcome what he deemed to be the limitations of the single photographic image both by writing directly onto his prints and by creating narrative sequences of images these innovative techniques proved immensely influential Powerfully intimate in its focus *The House I Once Called Home* demonstrates conclusively the possibility of exposing universal truths through the most personal events It is a work to which every reader will be able to relate through the filter of his or her own experience and which will undoubtedly accrue new meanings as we ourselves return to it at different stages in our lives Album Duane Michals, 1988 A satisfying selection of the artist's most notable portraits Subjects include Marcel Duchamp Andy Warhol Rene Magritte Barbara Streisand Joe Dallesandro Clint Eastwood and numerous other celebrities authors and artists Duane Michals: Portraits Duane

Picturing the Woman-Child Morna Laing, 2021-01-28 The childlike character of ideal femininity has long been critiqued by feminists from Mary Wollstonecraft to Simone de Beauvoir Yet women continue to be represented as childlike in the western fashion media despite the historical connotations of inferiority This book questions why such images still hold appeal to contemporary women after three or even four waves of feminism Focusing on the period of 1990-2015 *Picturing the Woman Child* traces the evolution of childlike femininity in British fashion magazines including *Vogue*, *i D* and *Lula Girl of my Dreams* These images draw upon a network of references from *Kinderwhore* and *Lolita* to *Alice in Wonderland* and the *femme enfant* of Surrealism Alongside analysis of fashion photography the book presents the findings of original research into audience reception Inviting contemporary women to comment on images of the woman child provides an insight into the meaning of this figure as well as an evaluation of theory on the female gaze Both scholarly and accessible the book paves the way for future studies on how readers make sense of fashion imagery

Foucault on the Arts and Letters Catherine M. Soussloff, 2016-10-06 As one of the most important philosophers of the 20th century Michel Foucault's reputation today rests on his political philosophy in relation to the contemporary subject in a neo liberal and globalized society This book offers insight into the role of the arts in Foucault's thought as a means to better understanding his contribution to larger debates concerning contemporary existence Visual culture literary film and performance studies have all engaged with Foucauldian theories but a full examination of Foucault's significance for aesthetic discourse has been lacking until now This book argues that Foucault's particular approach to philosophy as a way of thinking the self through the work of art provides significant grounds for rethinking his impact today The volume moves across as many disciplinary boundaries as Foucault himself did demonstrating the value of Foucault's approach to aesthetic discourse for our understanding of how the arts and humanities reflect upon contemporary existence in a globalized society

Duane Michals Duane Michals, D.C. Moore Gallery, 2013-03-21 Artists such as Degas Whistler and Toulouse-Lautrec reinterpreted the Ukiyo-e aesthetic the popular genre of woodblock prints produced during the Japanese Edo period's floating world of sophisticated urban culture c. 1620-1867 More than a century later Duane Michals presents a modern and personal approach to this artistic tradition Inspired by the work of Bonnard Vasarely Vermeer and Vuillard Michals's colour photographs fuse Eastern and Western influences to present scenarios that blur the boundaries between fantasy and reality and explore the

enigmatic floating nature of contemporary life Although he has previously used colour film for commercial projects Photographs from the Floating World marks the first occasion that Michals has used colour in his personal work Images from this series describe discrete moments with the powerful brevity of Japanese haiku a flower blossoms a woman waits for someone a man builds a card house a cat sees the ghost of his dead master Arts - Therapies - Communication European Arts Therapy Line Kossolapow, Sarah Scoble, 2005 Stipulation of a present actual position of Art Therapy however inevitably leads to further thoughts about ongoing development Everything required for the theoretical practical founding of a European Art Therapy as discipline still has to be done including construction of a communicative bridge to partners in other continents or countries This development work has two strands of development One follows a more theoretical direction with European Art Therapy as a research and teaching subject as an objective in view The other is directed more towards practical fieldwork which in turn can lead to the establishment of funds of experience as well as quantitative and qualitative investigations and thus to theoretical methodical statements In the contributions on hand both connections pervade Naturally the individual articles in this collection do not fully expound the volume of art therapeutic work throughout Europe but they are a source of information and inspiration for the user from theory and or practice who can then find his particular niche with his own specific interests within the cross section and subsequently continue the discourse spatially and objectively

Conversations with Contemporary Photographers Nan Richardson, 2005 Conversations is a landmark series in photography featuring extensive interviews by major international critics with living masters on aesthetics craft and culture The book traces the heritage of the medium in fascinating informal discourses on topics ranging from the personal to the political covering intimate detail and theoretical background alike Complete with biographies bibliographies and self portraits of each featured artist it is both a vital record of contemporary photography and an engaging read **BOOK JACKET**

Questions Without Answers Duane Michals, 2001 Presents the artist photographer's late intimations on mortality on last questions before one's final departure Duane Michals has pioneered and mastered the narrative possibilities of his art while continuing to raise disturbing questions and presenting some of the most emotionally resonant and erotically charged imagery of our time
