The Big Top on the Big Screen Teresa Cutler-Broyles,2020-01-27 Circuses and film are a natural pairing and the new essays making up this volume begin the exploration of how these two forms of entertainment have often worked together to create a spectacle of onscreen alchemy The films discussed herein are an eclectic group ranging from early silent comedies to animated 21st century examples in which circuses serve as liminal or carnivalesque spaces wherein characters and by extension audience members can confront issues as far reaching as labor relations sensuality identity ethics and more The circus as discussed in these essays encompasses the big top the midway the sideshow and the freak show it becomes backdrop character catalyst and setting and it is welcoming malicious or terrifying Circus performers are family friends foe or all of the above And film is the medium
