Dumitru Staniloae:

The Victory of the Cross Dumitru Staniloae, 2023 Fairacres Publication 16 Suffering is something which no one can escape and when we are confronted with it whether in ourselves or in others we find ourselves wrestling with a baffling problem Dumitru Staniloae shows how the deepest meaning of suffering is revealed in Christ's unconditional acceptance of the Cross There we see the power of God's love which transfigures all suffering so that the Cross becomes the symbol of victorious love

TIME Dumitru Staniloae, Kallistos Ware, 2023-10-20 Fairacres Publications 208 This book brings together essays by two outstanding Orthodox theologians to examine the paradox of time in relation to the eternity of God Dumitru Staniloae's *Eternity and Time* a talk given to the Sisters of the Love of God in 1971 was expanded in the first volume of his *Teologia dogmatica ortodoxa* 3 vols Bucharest 1978 The preface to the 1994 English translation of that work *Orthodox Dogmatic Theology* written by Kallistos Ware was based on his essay *Time Prison or Path to Freedom* which was first published in 1989 by SLG Press These reflections brought together for the first time here remain at the forefront of modern theology St niloae illuminates time as a journey on which we may grow in response to the love that God offers us a journey towards sharing in the eternity of the perfect interpersonal communion of the Trinity God in His Incarnation shares the journey with us in Christ so that time enters into eternity and eternity is brought into time At every moment we are free to choose between responding to His love or rejecting it Ware's essay explains that it is the vocation of time to be open to eternity time is fulfilled when God's eternity breaks into the temporal sequence as happened supremely at Christ's birth in Bethlehem as happens also at every Eucharist Our faith is the true rationale of time mutual love after the image of the Trinity

Eternity and Time Dumitru Staniloae, 2001 Fairacres Publications 136 God has given us the gift of time Through that gift we have the opportunity to grow in response to God's love but we are always free to choose whether or not we wish to do so and thereby to live eternity The life of the Trinity is the life of eternity yet God accepted the limitations of our lives including our mortality in taking on human form in Jesus Because of the incarnation of Jesus time enters into eternity and eternity is brought into time

Dumitru Staniloae: An Ecumenical Ecclesiology Radu Bordeianu, 2011-09-29 Widely considered the most important Orthodox theologian of the twentieth century Dumitru Staniloae 1903-1993 contributed significantly to an ecumenical understanding of these themes Because of his isolation by the Romanian Communist regime his work still awaits its merited reception especially given its potential contribution towards Christian unity In Staniloae's understanding the Church is a communion in the image of the Trinity Because there is a continuum of grace between the Trinity and the Church the same relationships that exist among trinitarian persons are manifested in creation in general and the Church in particular In this way the Trinity fills the world and the Church determining their mode of existence Intratrinitarian relationships are manifested in the relationships between humankind and non human creation the Church and the world local and universal aspects of the Church clergy and the people and among various charisms Orthodox

Christianity Carl S. Tyneh,2003 The Orthodox Church is one of the three major branches of Christianity There are over 300 million adherents throughout the world The Orthodox Church is a fellowship of independent churches which split from the Roman Church over the question of papal supremacy in 1054 The Orthodox adherents include people in Greece Georgia Russia and Serbia There are an estimated one million members in the United States This Advanced book explains the basic principles of Orthodox Christianity and describes in detail the holidays observed by the Orthodox Church In addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes *Dumitru Stăniloae* Lucian Turcescu,2002 A comprehensive analysis of his thought Dumitru St niloae Tradition and Modernity in Theology is an assessment of his theology Orthodox Constructions of the West George E. Demacopoulos,Aristotle Papanikolaou,2013-09-02 The category of the West has played a particularly significant role in the modern Eastern Orthodox imagination It has functioned as an absolute marker of difference from what is considered to be the essence of Orthodoxy and thus ironically has become a constitutive aspect of the modern Orthodox self The essays collected in this volume examine the many factors that contributed to the Eastern construction of the West in order to understand why the West is so important to the Eastern Christian s sense of self **Dumitru Staniloae's Trinitarian Ecclesiology** Viorel Coman,2019-10-09 Dumitru Staniloae is one of the most important but routinely neglected twentieth century Orthodox theologians Viorel Coman explores the ecumenical relevance of Staniloae s reflections on the interplay between the doctrine of the Trinity and the doctrine of the church in the context of the debates on the ecclesiological ramifications of the filioque Coman combines a historical and theological analysis of Staniloae s approach to the filioque Trinity and church The historical analysis shows the changes that have taken place over time in Staniloae s approach to the issue of the filioque and the doctrine of the church The theological analysis emphasizes the ecumenical contribution of the Romanian thinker to the fields of Trinitarian theology and ecclesiology Even though this book centers primarily around Staniloae s vision on the link between the doctrine of the Trinity and the Church it places his theological reflections in a solid dialogue with other Eastern Georges Florovsky Vladimir Lossky and John Zizioulas and Western theologians Karl Barth Yves Congar Karl Rahner and Walter Kasper The Neo-Palamite Synthesis of Father Dumitru Stăniloae Adrian Agachi,2013-07-29 This book presents the contribution of Father Dumitru St niloae the most renowned Romanian Orthodox theologian and one of the leading figures of the Modern Orthodox Theologians to the interpretation and modern assessment of the writings of Gregory Palamas in a critical manner The introduction of the book details the life and Patristic contribution of Father Dumitru St niloae Although the general view is that St niloae was mainly a Systematic theologian the reality is that he was also a Patristic scholar All the chapters contained here include an analysis of different books and studies of Father St niloae and how he developed his Neo Palamite Synthesis during his lifetime St niloae s results are presented in a chronological manner to allow easy identification of the different views that he held concerning the writings of Gregory Palamas during the extended period he dedicated to

his research This book is addressed to academics theologians and persons who take an interest in the study of Eastern Orthodoxy and significant Modern Orthodox theologians and offers them an intriguing analysis of what concerns the Patristic contribution of Father Dumitru St niloae

Modern Orthodox Theology Paul Ladouceur,2019-02-21 Modern Orthodox theology represents a continuity of the Eastern Christian theological tradition stretching back to the early Church and especially to the Ancient Fathers of the Church This volume considers the full range of modern Orthodox theology The first chapters of the book offer a chronological study of the development of modern Orthodox theology beginning with a survey of Orthodox theology from the fall of Constantinople in 1453 until the early 19th century Ladouceur then focuses on theology in imperial Russia the Russian religious renaissance at the beginning of the 20th century and the origins and nature of neopatristic theology as well as the new theology in Greece and Romania and tradition and the restoration of patristic thought Subsequent chapters examine specific major themes God and Creation Divine humanity personhood and human rights The Church of Christ Ecumenical theology and religious diversity The Christification of life Social and Political Theology The Name of God conflict The ordination of women The volume concludes with assessments of major approaches of modern Orthodox theology and reflections on the current status and future of Orthodox theology Designed for classroom use the book features case studies a detailed index a list of recommended readings for each chapter

Father Dumitru Staniloae (1903-1993) and His Contribution to Theology Stefan Lucian Toma,2011 *The Gift of the World* Charles Miller,2000 Until recently and partly because of the political circumstances of the Romanian church prior to 1989 English speaking readers have had access to very little of Staniloae s writing But his great masterpiece Orthodox Dogmatic Theology is at last beginning to appear Staniloae s theological stature has been compared to Barth Rahner and Schillebeeckx In him we meet not only a contemporary master of Orthodox thought but a Christian thinker of ecumenical proportions one who addresses the needs and aspirations of Christians living in a technological age and who offers an important and timely contribution to Green theology The present volume is described by the author as a prolegomenon to the reading of Staniloae It takes one vital theme from the centre of his dogmatic system that of creation as the primordial gift of God and shows how this applies both to sacramental theology and to ecclesiology Containing a guide to the works of Staniloae Charles Miller s book will be immense value to all those who are struggling to understand the meaning of the created order Anglicans Catholics and Orthodox alike

More Than Communion Scott MacDougall,2015-05-21 The dominant contemporary model for ecclesiology theological views of the church itself is the ecclesiology of communion MacDougall argues that communion ecclesiologies are often marked by a problematic theological imagination of the future eschatology He argues further that as a result our ways of practising and being the church are not as robust as they might otherwise be Re imagining the church in the light of God s promised future then becomes a critical conceptual and practical task MacDougall presents a detailed exploration of what communion ecclesiologies are and some of the problems they raise He offers two case studies of such

theologies by examining how distinguished theologians John Zizioulas and John Milbank understand the church and the future how these combine in their work and the conceptual and practical implications of their perspectives He then offers an alternative theological view and demonstrates the effects that such a shift would have In doing so MacDougall offers a proposal for recovering the more to communion and to ecclesiology to help us imagine a church that is not beyond the world as in Zizioulas or over against the world as in Milbank but in and for the world in love and service This concept is worked out in conversation with systematic theologians such as Jürgen Moltmann Wolfhart Pannenberg and Johannes Baptist Metz and by engaging with a theology of Christian practices currently being developed by practical theologians such as Dorothy C Bass Craig Dykstra and those associated with their ongoing project The potential for the church to become an agent of discipleship love and service can best be realised when the church anticipates God's promised perfection in the full communion between God and humanity among human beings within human persons and between humanity and the rest of creation

Orthodox Dogmatic Theology Dumitru Staniloae, 2000-10-01 Staniloae seeks always to indicate the inner coherence of dogmatic truth and the significance of each dogma for the personal life of the Christian It is the theologian's task to make manifest the link between dogma and personal spirituality to show how every dogma responds to a deep need and longing in the human heart and how it has practical consequences for society Dogmas he is convinced do not enslave but liberate theology is essentially freedom Kallistos Ware
