Animals as Disguised Symbols in Renaissance Art Simona Cohen, 2008 The relationship between medieval animal symbolism and the iconography of animals in the Renaissance has scarcely been studied Filling a gap in this significant field of Renaissance culture in general and its art in particular this book demonstrates the continuity and tenacity of medieval animal interpretations and symbolism disguised under the veil of genre religious or mythological narrative and scientific naturalism An extensive introduction dealing with relevant medieval and early Renaissance sources is followed by a series of case studies that illustrate ways in which Renaissance artists revived conventional animal imagery in unprecedented contexts investing them with new meanings on a social political ethical religious or psychological level often by applying exegetical methodology in creating multiple semantic and iconographic levels Brill's Studies on Art Art History and Intellectual History vol 2

Nature's Artist Albrecht Dürer, 2003 Durer's drawings and watercolours show the artist at his most accessible revealing his techniques and the masterly use of his media No woodcut engravers printers or apprentices come between Durer and the viewer This contributes to the particular fascination of such sheets as *The Large Piece of Turf* or *Hare* The introductory essay portraying Durer as a passionate observer of his surroundings and an exceptionally gifted artist is followed by thirty five high quality reproductions of his most popular drawings and watercolours Jaquette

Albrecht Durer Stacey Bieler, 2017-12-06 The artist and entrepreneur Albrecht Durer lived in Germany in the early 1500s when two storms were threatening the Holy Roman Empire First Suleiman the Magnificent and his army of Ottoman Turks were expanding from Constantinople to Vienna the doorstep of Europe Second Martin Luther a German monk and professor wrote his *Ninety Five Theses* identifying corruption within the Roman Catholic Church This challenged the authority of both Emperor Charles V and Pope Leo X who responded by accusing Luther of heresy Albrecht D

rer influenced art and media throughout Europe as strongly as Martin Luther influenced people's views of life death and their relationship with God D rer's art and writing reveal how this creative and thoughtful man responded to the changes offered by Luther Why was D rer so attracted to Luther's writings Why would he risk being accused of being a heretic Both of these men inspired changes in art religion and politics that still underlie the foundation of today's social structures and Western culture
