

Glossary

- absenteeism** The percentage of the labour force that is absent during a certain time period.
- accounting ratio** A ratio that's calculated from a firm's financial statements and used to evaluate its financial performance, e.g. a profitability ratio, a liquidity ratio, a gearing ratio.
- acid test ratio** A liquidity ratio that compares current assets minus inventories to current liabilities.
- added value** The difference between the cost of making a product and the price that a customer pays for it.
- Ansoff's matrix** Shows the strategies that a business can use to expand, according to how risky they are.
- appreciation** When the value of a currency increases relative to that of another.
- appropriable (capability)** A distinct capability that one business isn't able to copy from another business.
- architecture (Kay's model)** Describes the relationships a business has with its stakeholders.
- asset** Anything a business has which is valuable.
- autocratic leadership style** A leadership style where the leader makes all the decisions on their own.
- average rate of return (ARR)** A figure that compares the average net return with the initial investment. Used in investment appraisal.
- B2B marketing** The marketing of one business's product to another business or organisation.
- B2C marketing** The marketing of a business's product to a consumer.
- balance of payments** A country's record of its international transactions — the difference between the total value of payments into the country and the total value of payments out of the country, over a certain period of time.
- batch production** A production method in which products are made in small batches (or sets) of different products, with the products in each batch being identical to each other.
- Boston Matrix** A matrix that compares a business's products based on their market growth and market share.
- brand** A clear and obvious logo, name or statement that customers can instantly recognise as being related to a certain product or business.
- brandname** When a product becomes known by the name of a brand rather than its general name.
- break-even analysis** A process that identifies the point where a business's total revenue equals its total costs.
- budget** A forecast of future earnings and/or future spending.
- buffer stock** The minimum level of stock a business needs to hold to make sure that it won't run out of raw materials or finished goods.
- business angel** A wealthy individual that invests money into new or innovative businesses that they think have the potential to be successful.
- business cycle diagram** A graph that shows how the gross domestic product (GDP) of an area changes over time — it shows booms, recessions, slumps and recoveries.
- business failure** When a business is no longer making enough money to cover its costs and so shuts down still owing people money.
- business objective** A specific short- to medium-term goal of a business to help it achieve an aim.
- business plan** A document that outlines what a business plans to achieve and how it plans to achieve it.
- capacity utilisation** How much of its maximum capacity a business is using.
- capital** A business's (or person's) wealth in the form of money or other assets.
- capital employed** The total amount of finance in a business, from non-current liabilities, share capital and reserves.
- capital-intensive production** When a firm uses lots of machinery and relatively few workers to make its product.
- cash cow (Boston Matrix)** A product that has high market share but low market growth.
- cash flow** Money that moves in and out of a business over a set period of time.
- cell production** A production method in which an assembly line is divided into sets of tasks, each of which is completed by a work group.
- centralisation** A way to structure a business where all decisions come from a few key people.
- chain of command** The path of communication and authority up and down the hierarchy of a business.
- change management** The processes and procedures performed by managers to plan and prepare for changes, carry out the changes and assess the possible effect of the changes on the business and its stakeholders.
- collective bargaining** When a group of employees is represented by workforce representatives who negotiate work-related issues.
- competitive advantage** A condition which allows a business to generate more sales or be more profitable than its rivals.
- complementary products** Products that are used together.
- Consumer Prices Index** An index that tracks the changes in the average cost of a 'basket' of goods and services that an average household regularly buys.
- continuity planning** Making a recovery plan for an unspecified incident — this is done by identifying a minimum acceptable level of operations to allow a firm to resume normal business, and planning how to achieve this minimum acceptable level.
- contribution** The difference between the selling price and the variable costs of a product.
- corporate culture** The way things are done within a business, in relation to expectations, attitudes and how staff make decisions.
- corporate objective** A goal of a business as a whole.
- corporate social responsibility (CSR)** A business's policy regarding its contribution to society.
- corporation tax** The tax paid by limited companies based on their profits.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Dutchenglish Business Glossary

eBooks, including some popular titles.

FAQs About Dutchenglish Business Glossary Books

What is a Dutchenglish Business Glossary PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Dutchenglish Business Glossary PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Dutchenglish Business Glossary PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Dutchenglish Business Glossary PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Dutchenglish Business Glossary PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
