Duties Pleasures And Conflicts:

Duties, Pleasures, and Conflicts Michael Thelwell, 1987 Essays explore the civil rights movement Mississippi politics black literature and Jesse Jackson's presidential campaign

SNCC's Stories Sharon Monteith, 2020-10-15 Formed in 1960 in Raleigh North Carolina the Student Non violent Coordinating Committee SNCC was a high profile civil rights collective led by young people For Howard Zinn in 1964 SNCC members were new abolitionists but SNCC pursued radical initiatives and Black Power politics in addition to reform It was committed to grassroots organizing in towns and rural communities facilitating voter registration and direct action through projects embedded in Freedom Houses especially in the South the setting for most of SNCC's stories Over time it changed from a tight cadre into a disparate group of many constellations but stood out among civil rights organizations for its participatory democracy and emphasis on local people deciding the terms of their battle for social change Organizers debated their role and grappled with SNCC's responsibility to communities to the walking wounded damaged by racial terrorism and to individuals who died pursuing racial justice SNCC's Stories examines the organization's print and publishing culture uncovering how fundamental self and group narration is for the undersung heroes of social movements The organizer may be SNCC's dramatis persona but its writers have been overlooked In the 1960s it was assumed established literary figures would write about civil rights and until now critical attention has centered on the Black Arts Movement neglecting what SNCC's writers contributed Sharon Monteith gathers hard to find literature where the freedom movement in the civil rights South is analyzed as subjective history and explored imaginatively SNCC's print culture consists of field reports pamphlets newsletters fiction essays poetry and plays which serve as intimate and illuminative sources for understanding political action SNCC's literary history contributes to the organization's legacy

From Sit-Ins to SNCC Iwan Morgan, Philip Davies, 2012-08-05 In the wake of the fiftieth anniversary of the historic sit in at Woolworth's lunch counter by four North Carolina A T college students From Sit Ins to SNCC brings together the work of leading civil rights scholars to offer a new and groundbreaking perspective on student oriented activism in the 1960s The eight substantive essays in this collection not only delineate the role of SNCC over the course of the struggle for African American civil rights but also offer an updated perspective on the development and impact of the sit in movement in light of newly released papers from the estate of Martin Luther King Jr the FBI and MI 5 The contributors provide novel analyses of such topics as the dynamics of grassroots student civil rights activism the organizational and cultural changes within SNCC the impact of the sit ins on the white South the evolution of black nationalist ideology within the student movement works of the fiction written by movement activists and the changing international outlook of student organized civil rights movements

Many Minds, One Heart Wesley C. Hogan, 2013-01-22 How did the Student Nonviolent Coordinating Committee break open the caste system in the American South between 1960 and 1965 In this innovative study Wesley Hogan explores what SNCC accomplished and more important how it fostered significant social change in such a short time She offers new

insights into the internal dynamics of SNCC as well as the workings of the larger civil rights and Black Power movement of which it was a part As Hogan chronicles the members of SNCC created some of the civil rights movement's boldest experiments in freedom including the sit ins of 1960 the rejuvenated Freedom Rides of 1961 and grassroots democracy projects in Georgia and Mississippi She highlights several key players including Charles Sherrod Bob Moses and Fannie Lou Hamer as innovators of grassroots activism and democratic practice Breaking new ground Hogan shows how SNCC laid the foundation for the emergence of the New Left and created new definitions of political leadership during the civil rights and Vietnam eras She traces the ways other social movements such as Black Power women's liberation and the antiwar movement adapted practices developed within SNCC to apply to their particular causes Many Minds One Heart ultimately reframes the movement and asks us to look anew at where America stands on justice and equality today

Plural and Conflicting Values Michael Stocker, 1992-10-01 Plural values and conflicting values are often held to be conceptually problematic threatening the very possibility of ethics or at least of rational ethics This book rejects this view The author first demonstrates why it is so important to understand the issues raised by plural and conflicting values This includes a full discussion of Aristotle's treatment of the issues He then goes on to show that plurality and conflict are commonplace and generally unproblematic features of our everyday choice and action and that they do allow for a sound and rational ethic

Alien-Nation and Repatriation Patricia Joan Saunders,2007-12-24 Alien Nation and Repatriation examines the emergence and transformations in representations of national identity in Anglophone Caribbean literary traditions Beginning with the short fiction of C L R James Alfred Mendes and Albert Gomes this study examines the extent to which gender migration and female sexuality frame the earliest representations of Caribbean identity in literature by West Indian authors The study develops chronologically to examine the works of George Lamming Paule Marshall Erna Brodber M Nourbese Philip and Elizabeth Nunez Alien Nation and Repatriation emphasizes the processes of alienation that marginalize women from discourses of citizenship and belonging both of which are integral aspects of nationalist literature This text also argues that for Caribbean women writers engaged in discourses on citizenship return is not focused on reclaiming the nation state Instead Saunders argues that closer examinations of discourses on Caribbean identity reveal the ways in which the female body has been disciplined through form and content into silence in colonial and post colonial Caribbean literary traditions
