**Business Plans for Filmmakers** John W. Cones, 2010-10-28 The practical and legal aspects of writing a business plan for a film venture can be daunting to navigate without a firm grasp of know how With this in mind John W Cones s Business Plans for Filmmakers arms independent movie makers and students with everything they need to successfully tackle the confusing intersection of law business and art when creating a business plan for a movie This pragmatic volume offers plenty of examples and strategies for success sharing straightforward insight into some of the toughest challenges independent filmmakers face when encountering these documents With simple yet thorough detail and clarity Cones outlines the legal requirements affecting movie proposals including ways to evaluate the necessity for a business plan or a securities disclosure document as well as the legal definition of an active investor Also addressed are the numerous subjects filmmakers and students must consider before a film offering including the efficacy of a business plan to

fund the development production and distribution phases of a film common elements of fraud of which fledgling filmmakers should beware the intricacies of revenue sharing and how to render financial projections Cones also imparts useful distinctions between such industry terms as company financing versus project financing along with many others This book also includes in depth guidance through the murky paths of investor analysis and key strategies to find and attract parties interested in financing film Drawing upon his many years as a securities and entertainment attorney and his experiences advising independent film producers Cones offers the tools necessary not only to understand investors motivations but also to use that knowledge to the filmmaker s advantage Also provided are perceptive studies of the investment vehicles commonly used in business plans seeking investors with analysis of each method s pros and cons Throughout the volume Cones uses sample plans to offer a real world grasp of the intricacies of the business In the business of this art knowledge is power Business Plans for Filmmakers dispels the myths and misinformation circulating among filmmakers to provide accurate and useful advice

**Videoconferencing Demystified** Steven Shepard, 2002 This text aims to provide everything necessary to successfully deploy video conferencing in a meeting training or conference environment Key features include benefits versus liabilities of video conferences purchasing renting using key components and equipment and key technologies streaming media web conferencing IP multicasting and LAN capacity

**Locked Out** Evan Elkins, 2019-08-31 A rare insight into how industry practices like regional restrictions have shaped global media culture in the digital era This content is not available in your country At some point most media consumers around the world have run into a message like this Whether trying to watch a DVD purchased during a vacation abroad play an imported Japanese video game or listen to a Spotify library while traveling we are constantly reminded of geography s imprint on digital culture We are locked out Despite utopian hopes of a borderless digital society DVDs video games and streaming platforms include digital rights management mechanisms that block media access within certain territories These technologies of regional lockout are meant first and foremost to keep the entertainment industries global markets distinct But they also frustrate consumers and place territories on a hierarchy of global media access Drawing on extensive research of media industry strategies consumer and retailer practices and media regulation Locked Out explores regional lockout s consequences for media around the globe Power and capital are at play when it comes to who can consume what content and who can be a cultural influence Looking across digital technologies industries and national contexts Locked Out argues that the practice of regional lockout has shaped and reinforced global hierarchies of geography and culture

[Digital Rights Management](#)  
Catherine A. Lemmer, Carla P. Wale, 2016-09-02 In a world of users that routinely click I Agree buttons librarians may be the lone voice raising an alert to the privacy use and ownership issues arising in connection with the design and implementation of digital rights management DRM technologies DRM reflects the efforts of copyright owners to prevent the illegal distribution of copyrighted material an admirable goal on its face A common misunderstanding is that DRM is copyright law

It is not Rather it is a method of preventing copyright infringement however if unchecked DRM has the potential to violate privacy limit ownership rights and undermine the delicate balance of rights and policies established by our current system of copyright All three of these arenas are critical for both librarians and their users Reflecting the shift from ownership to access libraries are increasingly providing access to rights protected digital content Libraries strive to provide access to rights protected content in a manner that protects both the content creator and the privacy of the user DRM encompasses a variety of technologies and strategies utilized by content owners and managers to limit access to and the use of rights protected content Librarians need to understand DRM to effectively enable users to access and use rights protected digital content while at the same time protecting the privacy of the user Designed to address the practical operational and planning issues related to DRM this guide explores the critical issues and challenges faced by librarians After reading it librarians will better understand the digital content rights protection scheme the various DRM technologies and how they are used how to use authentication and authorization standards strategies and technologies and the privacy and security issues related to DRM Edited by two librarians who also hold law degrees this is a best practices guide for front line librarians on how to best respond to the impact of DRM schemes on collection development staffing budget service and other library concerns
