HORATIO ALGER, JR.

Dwarfs Legacy:

The Dwarven Legacy William Thrash, 2013-08-11 Kord Becker failed knight is given one last chance to redeem himself in the eyes of the Palanisi Empire Assigned an unusual position he is to escort a company of dwarves across the lands of the empire But Kord thought dwarves were myths from stories An ancient evil has been awakened in a long abandoned dwarven hold and the dwarves mount a strong expedition to put it back to sleep Durmannus Black Anvil must lead the reclusive dwarves across human lands after centuries of seclusion He finds himself torn between his loyalties to his noble house and the truth he fears Romulus Steelhammer Rune Master of the dwarven expedition alienates his fellow dwarves when he takes an unusual liking to the failed knight assigned to them His search for the truth is as dangerous to dwarvenkind as their ultimate battle with the awakened demon Together the unlikely band of humans and dwarves forge a bond of blood and tears that is stronger than steel

Bartram's Living Legacy Dorinda G. Dallmeyer, 2010 More than two centuries have passed since the publication of William Bartram s *Travels* in 1791 That his book remains in print would be notable enough but Bartram s work was visionary It fostered the development of a truly American strain of natural history His writings transcended scientific boundaries to deeply influence Coleridge Wordsworth and other Romantic poets And his text continues to ignite the imaginations of Southerners who love nature Bartram s ability to marry science with poetry ensured *Travels* a worldwide audience for the last 200 years William Bartram was a cultural historian too carefully recording the way in which the Indians used the land along with the changes wrought by European settlers Being on the road with Bartram involves cliffhanger encounters with dreadful weather charismatic predators and even deadlier humans And throughout the book Bartram reveals a deep spiritual connection to nature as a manifestation of divine Creation Bartram s holism lays the foundation for major themes of modern nature writing as well as environmental philosophy In this unique anthology for the first time *Travels* is joined with essays acknowledging the debt Southern nature writers owe the man called the South s

Thoreau We hope this book will introduce a new generation of environmentally minded Southerners to Bartram's timeless work not only standing on its own but also interpreted through passionate personal essays by some of the region's finest nature writers Rather than wallowing in nostalgia for the long gone world Bartram describes this anthology provides us with a starting point for reconstructing and reclaiming the natural heritage of the South *Lady Bountiful's Legacy to Her Family and Friends* John Timbs, 1868 HERBERT CARTER'S LEGACY HORATIO ALGER, JR., 1909 *Hubble's Science Legacy* Kenneth R.
