Modern Art of Dying Shai J. Lavi, 2009-01-10 How we die reveals much about how we live In this provocative book Shai Lavi traces the history of euthanasia in the United States to show how changing attitudes toward death reflect new and troubling ways of experiencing pain hope and freedom Lavi begins with the historical meaning of euthanasia as signifying an easeful

death Over time he shows the term came to mean a death blessed by the grace of God and later medical hastening of death Lavi illustrates these changes with compelling accounts of changes at the deathbed He takes us from early nineteenth century deathbeds governed by religion through the medicalization of death with the physician presiding over the deathbed to the legalization of physician assisted suicide Unlike previous books which have focused on law and technique as explanations for the rise of euthanasia this book asks why law and technique have come to play such a central role in the way we die What is at stake in the modern way of dying is not human progress but rather a fundamental change in the way we experience life in the face of death Lavi argues In attempting to gain control over death he maintains we may unintentionally have ceded control to policy makers and bio scientific enterprises

The Thought of Death and the Memory of War Marc Crépon,2013-10-01 Marc Cr pon pursues a path toward a cosmopolitics of mourning through readings of works by Freud Heidegger Sartre Derrida and Ric ur and others The movement among these writers marks a way through and against twentieth century interpretation to argue that no war genocide or neglect of people is possible without suspending how one relates to the death of another human being
