Faith in Black Power Kerry Pimblott, 2017-01-20 In 1969 nineteen year old Robert Hunt was found dead in the Cairo Illinois police station The white authorities ruled the death a suicide but many members of the African American community believed that Hunt had been murdered a sentiment that sparked rebellions and protests across the city Cairo suddenly emerged as an important battleground for black survival in America and became a focus for many civil rights groups including the NAACP The United Front a black power organization founded and led by Reverend Charles Koen also mobilized thanks in large part to the

support of local Christian congregations In this vital reassessment of the impact of religion on the black power movement Kerry Pimblott presents a nuanced discussion of the ways in which black churches supported and shaped the United Front She deftly challenges conventional narratives of the de Christianization of the movement revealing that Cairoites embraced both old time religion and revolutionary thought Not only did the faithful fund the mass direct action strategies of the United Front but activists also engaged the literature on black theology invited theologians to speak at their rallies and sent potential leaders to train at seminaries Pimblott also investigates the impact of female leaders on the organization and their influence on young activists offering new perspectives on the hypermasculine image of black power Based on extensive primary research this groundbreaking book contributes to and complicates the history of the black freedom struggle in America It not only adds a new element to the study of African American religion but also illuminates the relationship between black churches and black politics during this tumultuous era *The Last Dance: Encountering Death and Dying* Lynne Ann DeSpelder, Albert Lee Strickland, 2009 The best selling textbook in the field The Last Dance offers an interdisciplinary approach to the study of death and dying Integrating the experiential scholarly social individual emotional and intellectual dimensions of death and dying the eighth edition of this acclaimed text has been revised to offer cutting edge and comprehensive coverage of death studies This new edition of The Last Dance provides solid grounding in theory and research as well as practical application to students lives **City of the Undead** Robin Ann Roberts, 2023-09-13 From its looming above ground cemeteries to the ghosts believed to haunt its stately homes New Orleans is a city deeply entwined with death the undead and the supernatural The reasons behind New Orleans s reputation as America s most haunted city are numerous Its location near the mouth of the Mississippi River grants it a liminal status between water and land while its Old World architecture and lush moss covered oak trees lend it an eerie beauty Complementing the city s mysterious landscape spiritual beliefs and practices from Native American African American Caribbean and European cultures mingle in a unique ferment of the paranormal An extremely high death rate in the eighteenth and nineteenth centuries and a long history of enslavement and oppression have also produced fertile soil for stories of the undead Focusing on three manifestations of the supernatural in New Orleans Voodoo ghosts and vampires Robin Roberts argues that the paranormal gives voice to the voiceless including victims of racism and oppression thus encouraging the living not to repeat the injustices of the past The Explanation and Other Good Advice Don Webb, 1998 **The New Lost City Ramblers Song Book** John Cohen, Mike Seeger, 1964 **Sacred Music of the Secular City** Jon Michael Spencer, 1992 What do Robert Johnson Duke Ellington Marvin Gaye Madonna and 2 Live Crew have in common Each of their respective music forms blues jazz soul rock and rap contains varying degrees of religious essence and theological meaning By examining the religious roots and historical circumstances of popular music scholars and essayists including Cornel West Michael Eric Dyson and Andrew Greeley delve into the religious imagination of the American populace through an analysis of popular music In sections
