Dying Oceans:

Dying Oceans Paula Hogan,1991-01-01 Discusses the ecological balance of life in the world s oceans and how it is endangered by ocean pollution [Radioactive Waste Disposal at Sea](#) Lasse Ringius,2000-11-20 Most studies of environmental regimes focus on the use of power the pursuit of rational self interest and the influence of scientific knowledge Lasse Ringius focuses instead on the influence of public ideas and policy entrepreneurs He shows how transnational coalitions of policy entrepreneurs can build environmental regimes and how global environmental nongovernmental organizations can act as catalysts for regime change This is the first book length empirical study of the formation of the global ocean dumping regime in 1972 and its subsequent development which culminated in the 1993 global ban on the dumping of low level radioactive waste at sea Ringius describes the structure within which global ocean dumping policy particularly policy with regard to the disposal of radioactive waste is embedded He also examines the political construction of ocean dumping as a global environmental problem the role of persuasion and communication in an international setting and the formation of international public opinion He does not argue that the influence of ideas alone explains how regimes develop but claims that it is necessary to understand how actors interests and ideas together influence regimes and international environmental policy *The Routledge Handbook of International Environmental Policy* Mahua Basu,2024-03-29 This handbook is a one stop comprehensive guide to global initiatives for climate action It examines policies to tackle climate change and the critical role various organizations play The volume Includes in depth discussion of individual issues related to the environment Highlights global initiatives negotiations and international organizations responsible for climate action protecting marine and freshwater environment protecting atmosphere and climate conserving biological diversity chemicals and wastes management environmental governance safeguarding against warfare and disasters Debates on ground implications of the international policies for the Global South Brings together case studies from across the world Presents a toolkit for environment practitioners to seek sustainable and practicable solutions to problems Includes suggested readings for researchers Brings together primary documents supportive illustrations graphs and maps The handbook will be an essential reference for scholars and researchers of environmental studies environmental policy and governance sustainability and resilience It will also be indispensable for policy makers think tanks and NGOs **The Ancient Secret of the Flower of Life, Volume 2** Drunvalo Melchizedek,2000 The sacred Flower of Life pattern the primary geometric generator of all physical form is explored in even more depth in this volume the second half of the famed Flower of Life workshop The proportions of the human body the nuances of human consciousness the sizes and distances of the stars planets and moons even the creations of humankind are all shown to reflect their origins in this beautiful and divine image Through an intricate and detailed geometrical mapping Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third dimensional existence From the pyramids and mysteries of Egypt to the

new race of Indigo children Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world We are led through a divinely inspired labyrinth of science and stories logic and coincidence on a path of remembering where we come from and the wonder and magic of who we are Finally for the first time in print Drunvalo shares the instructions for the Mer Ka Ba meditation step by step techniques for the re creation of the energy field of the evolved human which is the key to ascension and the next dimensional world if done from love this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension from protective powers to the healing of oneself of others and even of the planet Embrace the expanded vision and understanding that Drunvalo offers to the world Coincidences abound miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life

The Ancient Secret of the Flower of Life, Volume 1 Drunvalo Melchizedek,2000 Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop illuminating the mysteries of how we came to be why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty COVER

The Uninhabitable Earth David Wallace-Wells,2020-03-17 1 NEW YORK TIMES BESTSELLER The Uninhabitable Earth hits you like a comet with an overflow of insanely lyrical prose about our pending Armageddon Andrew Solomon author of The Noonday Demon With a new afterword It is worse much worse than you think If your anxiety about global warming is dominated by fears of sea level rise you are barely scratching the surface of what terrors are possible food shortages refugee emergencies climate wars and economic devastation An epoch defining book The Guardian and this generation s Silent Spring The Washington Post The Uninhabitable Earth is both a travelogue of the near future and a meditation on how that future will look to those living through it the ways that warming promises to transform global politics the meaning of technology and nature in the modern world the sustainability of capitalism and the trajectory of human progress The Uninhabitable Earth is also an impassioned call to action For just as the world was brought to the brink of catastrophe within the span of a lifetime the responsibility to avoid it now belongs to a single generation today s Praise for The Uninhabitable Earth The Uninhabitable Earth is the most terrifying book I have ever read Its subject is climate change and its method is scientific but its mode is Old Testament The book is a meticulously documented white knuckled tour through the cascading catastrophes that will soon engulf our warming planet Farhad Manjoo The New York Times Riveting Some readers will find Mr Wallace Wells s outline of possible futures alarmist He is indeed alarmed You should be too The Economist Potent and evocative Wallace Wells has resolved to offer something other than the standard narrative of climate change He avoids the eerily banal language of climatology in favor of lush rolling prose Jennifer Szalai The New York Times The book has potential to be this generation s Silent Spring The Washington Post The Uninhabitable Earth which has become a best seller taps into the underlying emotion of the day fear I encourage people to read this book Alan Weisman The New York Review of Books
