Baseball Stats:

Baseball: Stats, Facts, and Figures Kate Mikoley, 2017-12-15 Math may have its difficult reputation but with this book you can support curriculum based mathematics while your students learn about baseball Baseball is a game filled with numbers Hitting pitching and fielding all come with a mathematical element that s essential to the game From the numbers attached to the positions on the field to the progress of the game in its fractions of innings America s pastime is full of math Readers learn how to do math exclusive to baseball computing batting averages and learning how the stats in the box score are calculated

Smart Baseball Keith Law, 2017-04-25 Predictably Irrational meets Moneyball in ESPN veteran writer and statistical analyst Keith Law s iconoclastic look at the numbers game of baseball proving why some of the most trusted stats are surprisingly wrong explaining what numbers actually work and exploring what the rise of Big Data means for the future of the sport For decades statistics such as batting average saves recorded and pitching won lost records have been used to measure individual players and teams potential and success But in the past fifteen years a revolutionary new standard of measurement sabermetrics has been embraced by front offices in Major League Baseball and among fantasy baseball enthusiasts But while sabermetrics is recognized as being smarter and more accurate traditionalists including journalists fans and managers stubbornly believe that the old way a combination of outdated numbers and gut instinct is still the best way Baseball they argue should be run by people not by numbers In this informative and provocative book teh renowned ESPN analyst and senior baseball writer demolishes a century s worth of accepted wisdom making the definitive case against the long established view Armed with concrete examples from different eras of baseball history logic a little math and lively commentary he shows how the allegiance to these numbers dating back to the beginning of the professional game is firmly rooted not in accuracy or success but in baseball s irrational adherence to tradition While Law gores sacred cows from clutch performers to RBIs to the infamous save rule he also demystifies sabermetrics explaining what these new numbers really are and why they re vital He also considers the game s future examining how teams are using Data from PhDs to sophisticated statistical databases to build future rosters changes that will transform baseball and all of professional sports

Incredible Baseball Stats Kevin Reavy, Ryan Spaeder, 2016-05-03 As America s pastime since the mid 1800s baseball offers the sights sounds and even smells that are deeply entrenched in our culture But for some the experience can be less sensory Some such as Ryan Spaeder and Kevin Reavy live for baseball statistics Stats give the game historical context and measurables for past present and predictive analysis Incredible Baseball Stats helps tell unique baseball stories showcasing extraordinary stats and facts in baseball history through the 2015 season For example in 2015 the Nationals Bryce Harper broke out in a major way He batted 330 460 649 with 42 home runs en route to his first MVP Award It was his fourth MLB season but he was still younger than NL Rookie of the Year Kris Bryant He became the youngest player to lead the league in both on base percentage and homers in the same season since Ty Cobb in 1909 Through 2015 he has a career 902 OPS 143 OPS the same

OPS and adjusted OPS that Henry Aaron had through his first four seasons and Hammerin Hank was nearly a year older The authors have scoured the records for untold tales and looked at familiar ones with new statistical insights to create Incredible Baseball Stats a perfect book for baseball fans from coast to coast Skyhorse Publishing as well as our Sports Publishing imprint are proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team Whether you are a New York Yankees fan or hail from Red Sox nation whether you are a die hard Green Bay Packers or Dallas Cowboys fan whether you root for the Kentucky Wildcats Louisville Cardinals UCLA Bruins or Kansas Jayhawks whether you route for the Boston Bruins Toronto Maple Leafs Montreal Canadiens or Los Angeles Kings we have a book for you While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

Baseball Stats and the Stories Behind Them Eric Braun,2016-01-01 Explains important statistics and their history in the sport of baseball Teaching Statistics Using Baseball Jim Albert,2003 Albert mathematics and statistics Bowling Green State U developed this textbook to teach statistics in a way that will be familiar and interesting to students particularly those satisfying their mathematics requirement and especially students with sports related majors or interests The text is **The Hidden Game of Baseball** John Thorn,Pete Palmer,David Reuther,2015-03-20 First published in 1984 The Hidden Game of Baseball ushered in the sabermetric revolution by demonstrating that we were thinking about baseball stats and thus the game itself all wrong This brand new edition retains the body of the original with its rich accessible analysis rooted in a deep love of baseball while adding a new introduction by the authors tracing the book s influence over the years **The Major League Baseball Ultimate Book of Records** Major League Baseball,2013-10-15 Since the first pitch was thrown MLB has tracked the performance of every team and player documented every hit and measured every home run And while some plays are part of the everyday game there are moments in baseball when a player s performance reaches a new level of greatness and new records are made The Major League Baseball Ultimate Book of Records catalogs the game s most remarkable achievements as well as some of the less traditional and quirky stats that all play a part in the game MLB s team of in house writers researchers and historians have scoured the history of the game and written the most accurate complete and definitive record of baseball stats and achievements Major League Baseball Ultimate Book of Records documents the absolute best of the best and packs each achievement into this lavishly illustrated book where fans will be treated to never before seen photographs of their favourite players Double page spreads will show Henderson racing to second base to claim the stolen base record while another full color spread celebrates Bond s crushing hit that set a new threshold for most home runs All the records are here each with an account of events and spectacular photographs that make this truly the most spectacular baseball book ever published *Nineteenth Century Baseball* Marshall D. Wright,2004-01-23 In March 1871 ten

of the United States most powerful professional baseball clubs met in Brooklyn New York Out of that meeting came the sport's first major league the National Association of Professional Baseball Players The Philadelphia Athletics with a record of 21-7 captured the new circuit's first championship From the National Association through the American League's inaugural season in the final year of the century this work is a year by year statistical history of the teams and players of the nineteenth century's major leagues The teams are listed by league with full rosters and complete statistics for each player An introductory section for each year places the league in historical perspective Exhaustive team and player indexes are also included

Sandlot Stats Stanley Rothman, 2012-11-01 *Sandlot Stats* uses the national pastime to help students who love baseball learn and enjoy statistics As Derek Jeter strolls toward the plate the announcer tosses out a smattering of statistics from hitting streaks to batting averages But what do the numbers mean And how can America's favorite pastime be a model for learning about statistics *Sandlot Stats* is an innovative textbook that explains the mathematical underpinnings of baseball so that students can understand the world of statistics and probability Carefully illustrated and filled with exercises and examples this book teaches the fundamentals of probability and statistics through the feats of baseball legends such as Hank Aaron Joe DiMaggio and Ted Williams and more recent players such as Barry Bonds Albert Pujols and Alex Rodriguez Exercises require only pen and paper or Microsoft Excel to perform the analyses *Sandlot Stats* covers all the bases including descriptive and inferential statistics linear regression and correlation probability sports betting probability distribution functions sampling distributions hypothesis testing confidence intervals chi square distribution *Sandlot Stats* offers information covered in most introductory statistics books yet is peppered with interesting facts from the history of baseball to enhance the interest of the student and make learning fun

Baseball Between the Numbers Jonah Keri, *Baseball Prospectus*, 2007-02-27 In the numbers obsessed sport of baseball statistics don't merely record what players managers and owners have done Properly understood they can tell us how the teams we root for could employ better strategies put more effective players on the field and win more games The revolution in baseball statistics that began in the 1970s is a controversial subject that professionals and fans alike argue over without end Despite this fundamental change in the way we watch and understand the sport no one has written the book that reveals across every area of strategy and management how the best practitioners of statistical analysis in baseball people like Bill James Billy Beane and Theo Epstein think about numbers and the game *Baseball Between the Numbers* is that book In separate chapters covering every aspect of the game from hitting pitching and fielding to roster construction and the scouting and drafting of players the experts at *Baseball Prospectus* examine the subtle hidden aspects of the game bring them out into the open and show us how our favorite teams could win more games This is a book that every fan every follower of sports radio every fantasy player every coach and every player at every level can learn from and enjoy
