Advances In Taxation Volume 13:

ECJ--recent Developments in Direct Taxation Michael Lang,Josef Schuch,Claus Staringer,2006-01-01 A growing number of cases pending before the European Court of Justice ECJ concern the fundamental freedoms and direct taxation This book scrutinises the national background of the most important of these cases and examines possible infringements of fundamental freedoms The focus of each analysis is on the questions submitted to the ECJ by the national courts Moreover where available the opinion of the Advocate General is discussed The cases are presented by esteemed national and European tax law experts This book goes to the heart of the national tax systems exposing hidden obstacles to fundamental freedoms

Taxing Democracy Valerie Braithwaite,2017-03-02 The integrity of tax systems as we know them are being challenged throughout the world Tax avoidance schemes of various kinds are proving increasingly attractive and lucrative to wealthy individuals and large corporations As governments fear the erosion of their tax base among those who are most able to contribute the public is looking on as one of its most public institutions attempts to re invent itself through changing laws and administrative procedures In this book a number of experts develop the idea of responsive regulation in relation to taxation They demonstrate how law in this area is undermining social norms and social norms are undermining law A key factor in their analysis is the perception of justice Explanations as to why the integrity of tax systems is under siege and possible solutions are examined

Journal of International Accounting, Auditing & Taxation ,2000 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1979 Book Review Digest ,1913 Economic Progress and Growth H.M. Scobie,2013-03-07 This volume puts forward a group of models applied to different economies capturing the progress and growth of their economic systems The models provide a quantified framework for the formulation of economic policy They aid the introduction of targets and policy instruments taking account of constraints in the process of development Also an evaluation of external and internal shocks is taken using a comparative static type of analysis The models take into account constraints which are in the nature of institutional as well as supply constraints Problems of data exist in any quantitative analysis and account was taken of this factor in presenting the models and the results reached Nonetheless the models attempt to specify estimate and simulate a given macroeconomic system Models of this type are not freely available to the interested reader but only in a fragmented way This book puts the efforts of a group of economists worldwide under one cover It is believed that the collection will be of interest both for courses in planning and for those advising these countries such as international organizations research bodies etc Moreover an overview of trade policy and income distributional factors is presented It is hoped that this collection will prove interesting and useful to economists worldwide
