**Economy and Sustainable Economic Development** Thanh Tuyen Nguyen, 2010-09-22 In this book the author focuses on the intersection of two major bodies of policy and practice knowledge economy and ICTs on one hand and sustainable economic development on the other It aims to provide a broad ranging account of the social and economic terrain demarcated by this intersection in order to reach conclusions and offer guidelines for policy development Although based on the case of a developing country Vietnam its analyses arguments and conclusions are of universal relevance Key features comprehensive picture of a society from the perspective of knowledge for development Intersection of ICTs Information and Communications Technology knowledge and sustainable economic development Can be used in courses of sociology political economy development economics knowledge economics information and telecommunication technology sustainable development and public administration Creative Tools and the Softwarization of Cultural Production Frédéric

Lesage, Michael Terren, 2024-01-17 This book explores how creativity is increasingly designed marketed and produced with digital products and services a process referred to as softwarization If being creative has developed into one of the paradigmatic architectures of power for framing the contemporary subject then an essential component of this architecture involves its material and symbolic configuration through tools From image editors to digital audio workstations video editors to game engines these modern tools are used by creatives every day and mastering these increasingly complex technologies is now a near compulsory pathway to creative work Despite their ubiquity in cultural production few have sought to theorize

them in aggregate and with interdisciplinary breadth By bringing disparate creative and methodological traditions in one volume this book provides a comprehensive overview of approaches for understanding this complex emerging and dynamic field that speaks beyond the disciplinary categories of tool instrument and or software It makes a unique intervention in the fields of cultural production and the cultural and creative industries
