

‘The Broken Nest’ (Nastanirh)

By Rabindranath Tagore

Translated by: Lopa Banerjee

Chapter 1

Bhupati had inherited a lot of money and generous ancestral property, so it was quite natural if he didn't bother to work at all. By sheer destiny, however, he was born a workaholic. He had founded an elite English newspaper and that was how he decided to cope with the boredom that his riches and time, which was endlessly at his disposal, brought to him.

Since childhood, Bhupati had a flair for writing and rhetoric and would relentlessly write letters to the editors of English newspapers. He also loved speaking in assemblies, even when he didn't have anything significant to add to the discourses.

Years passed by, and he grew increasingly confident and eloquent in his English composition and oratorical skills, which was further nourished as he continued to receive accolades and support from influential political leaders. They loved him as he was rich and accomplished and wanted him to join their ilk.

Eventually, his brother-in-law Umapati, a frustrated and failed lawyer, came to him with a plea: "Bhupati, it's high time you publish your own newspaper. You possess the perfect background and necessary skills for it."

Bhupati was not only convinced but even inspired by the proposal. He believed getting published in newspapers and journals, that were run by other people, was demeaning. As the owner of his own publication, he could wield his pen and his own persona, liberated, uninhibited, and complete. With his brother-in-law to assist him, he embraced his new role as the founder and editor of a new publication.

Bhupati was young, passionate about his editorial work, current affairs and world politics to the point of addiction, and there was no dearth of people to arouse his passion for dissenting on an everyday basis.

Thus, for a number of years, his unflinching devotion to his publication prevented him from noticing that at home, his child-bride, Charulata, had gradually bloomed into a young and beautiful woman. The editor, obviously, was preoccupied with more important happenings in the national political scene, like the border policy of the contemporary Indian Government.

In a household infested with riches and boredom, Charulata continued to live, bloom like the flower that could not bear any fruit, not as a necessity, but an embellishment in the midst of
