Broken Years:

After the War Leigh S. L. Straw, 2017 In Collie in 1929 a murder suicide took place The killer was identified as Andrew Straw Dressed in war uniform and a slouch hat a hauntingly familiar face stared out at me from the front page of Truth Andrew Straw bore a striking resemblance to my husband I had unearthed an unexpected family story Of the 330 000 Australian men who enlisted and served in World War I close to 60 000 never returned home As much as it is important to commemorate the war dead it is also imperative that we remember the survivors as they moved into peacetime Of the 32 000 Western Australian men who enlisted 23 700 returned from the war These men tried to create a semblance of a civilian life following the traumas of war War receded from immediate view as these men readjusted to civilian life but its impacts endured Many returned with disabilities mental health problems and a lowered sense of self worth that led some to take their own lives This book charts the emergence of Post Traumatic Stress Disorder PTSD as a diagnosable condition in an Australian context In this deeply personal account historian and writer Leigh Straw seeks a better understanding of what soldiers experienced once the fighting stopped *After the War* uses the personal struggles of soldiers and their families to increase public understanding of the legacies of World War I in Western Australia and across the nation The scars of war mental and physical can be lifelong for soldiers who serve their country This is a story of surviving life after war Subject Military History History PTSD Psychology WWI Australian Studies

Anzac, The Unauthorised Biography Carolyn Holbrook, 2014-09-01 Raise a glass for an Anzac Run for an Anzac Camp under the stars for an Anzac Is there anything Australians won't do to keep the Anzac legend at the centre of our national story But standing firm on the other side of the Anzac enthusiasts is a chorus of critics claiming that the appetite for Anzac is militarising our history and indoctrinating our children So how are we to make sense of this struggle over how we remember the Great War Anzac the Unauthorised Biography cuts through the clamour to provide a much needed historical perspective on the battle over Anzac It traces how since 1915 Australia's memory of the Great War has declined and surged reflecting the varied and complex history of the Australian nation itself Most importantly it asks why so many Australians persist with the fiction that the nation was born on 25 April 1915
