Broken Cat:

The Broken Cat Lynne Rae Perkins,2002-03-26 There are times when hearing a familiar story even a story about how your mother fell and broke her arm when she was a little girl can be comforting And so it was for Andy and for his cat Frank Because the important thing is that injuries heal When they have healed they become stories and sometimes a story with a happy ending is exactly what is needed If you are looking for the perfect book about love and families and intergenerational support to say nothing of cats look no further

The Archaeology of Grotta Scaloria Ernestine S. Elster,Eugenia Isetti,John Robb,Antonella Traverso,2016-12-31 Grotta Scaloria a cave in Apulia was first discovered and explored in 1931 excavated briefly in 1967 and then excavated extensively from 1978 to 1980 by a joint UCLA University of Genoa team but it was never fully published The Save Scaloria Project was organized to locate this legacy data and to enhance that information by application of the newest methods of archaeological and scientific analysis This significant site is finally published in one comprehensive volume and in an online archive of additional data and photographs that gathers together the archaeological data from the upper and lower chambers of the cave These data indicate intense ritual and quotidian use during the Neolithic period circa 5600 5300 BCE The Grotta Scaloria project is also important as historiography since it illustrates a changing trajectory of research spanning three generations of European and American archaeology

On Cats Charles Bukowski,2015-12-01 A raw and tenderly funny look at the human cat relationship from one of our most treasured and transgressive writers The cat is the beautiful devil Felines touched a vulnerable spot in Charles Bukowski s crusty soul For the writer there was something majestic and elemental about these inscrutable creatures he admired sentient beings whose searing gaze could penetrate deep into our being Bukowski considered cats to be unique forces of nature elusive emissaries of beauty and love On Cats offers Bukowski s musings on these beloved animals and their toughness and resiliency He honors them as fighters hunters

survivors who command awe and respect as they grip tightly onto the world around them A cat is only ITSELF representative of the strong forces of life that won't let go Funny moving tough and caring On Cats brings together the acclaimed writer's reflections on these animals he so admired Bukowski's cats are fierce and demanding he captures them stalking their prey crawling across his typewritten pages waking him up with claws across the face But they are also affectionate and giving sources of inspiration and gentle insistent care Poignant yet free of treacle On Cats is an illuminating portrait of this one of a kind artist and his unique view of the world witnessed through his relationship with the animals he considered his most profound teachers
