The Bronx in the Innocent Years, 1890-1925 Lloyd Ultan, Gary Hermalyn, 1985 **The Bronx in the Innocent Years**
Lloyd Ultan, 1979-12-01 THE BRONX IN THE INNOCENT YEARS 1890 1925 offers the moving when Bronx residents could earn 2 00 as extras in D W Griffith s local studio when a vacation could be spent at Orchard Beach a tent colony that was built when the Bronx was the piano hub of the country when pigs when malaria was still a powerful threat are presented in a series of first person accounts of Bronxites who grew up in the innocent years They tell of living through the era s joys disruptions of the daily miracles that told them that a way of life was disappearing Complementing these eye witness accounts is a gallery of rare photographs from the archives of The Bronx County Historical Society that offers a vivid beautiful glimpse into the past that changed New York City s northernmost borough from a group of small rural villages to a vital urban center To order contact The Bronx County Historical Society 3309 Bainbridge Avenue The Bronx NY 10467 Telephone 718 881 8900 *The Bronx in the Innocent Years, 1890-1925* Lloyd Ultan, Gary Hermalyn, 1985 **722 Miles**
Clifton Hood, 2004-08-23 When it first opened on October 27 1904 the New York City subway ran twenty two miles from City Hall to 145th Street and Lenox Avenue the longest stretch ever built at one time From that initial route through the completion of the IND or Independent Subway line in the 1940s the subway grew to cover 722 miles long enough to reach from New York to Chicago In this definitive history Clifton Hood traces the complex and fascinating story of the New York City subway system one of the urban engineering marvels of the twentieth century For the subway s centennial the author supplies a new foreward explaining that now after a century we can see more clearly than ever that this rapid transit system is among the twentieth century s greatest urban achievements *Born in Flames* Bench Ansfield, 2025-08-19 ONE OF THE NEW YORK TIMES 100 NOTABLE BOOKS OF 2025 A KIRKUS REVIEWS BEST BOOK OF 2025 THE SKIPPED HISTORY PODCAST BEST BOOK OF THE YEAR Revelatory Deeply researched and masterfully told Brian Goldstone New York Times Book Review The explosive account of the arson wave that hit the Bronx and other American cities in the 1970s and its legacy today Ladies and gentlemen the Bronx is burning That legendary and apocryphal phrase allegedly uttered by announcers during the 1977 World Series as flames rose above Yankee Stadium seemed to encapsulate an entire era in this nation s urban history Across that decade a wave of arson coursed through American cities destroying entire neighborhoods home to poor communities of color Yet as historian Bench Ansfield demonstrates in *Born in Flames* the most destructive fires were not set by residents as is commonly assumed but by landlords looking to collect insurance payouts Driven by perverse incentives new government sponsored insurance combined with tanking property values landlords hired torches mostly Black and Brown youth to set fires in the buildings sometimes with people still living in them Tens of thousands of families lost their homes to these blazes yet for much of the 1970s tenant vandalism and welfare fraud stood as the prevailing explanations for the arson wave effectively indemnifying landlords Ansfield s book based on a decade of research introduces

the term brownlining for the destructive insurance practices imposed on poor communities of color under the guise of racial redress Ansfield shows that as the FIRE industries finance insurance and real estate eclipsed manufacturing in the 1970s they began profoundly reshaping Black and Brown neighborhoods seeing them as easy sources of profit At every step Ansfield charts the tenant led resistance movements that sprung up in the Bronx and elsewhere as well as the explosion of popular culture around the fires from iconic movies like *The Towering Inferno* to hit songs such as *Disco Inferno* Ultimately they show how similarly pernicious dynamics around insurance and race are still at play in our own era especially in regions most at risk of climate shocks

Tunneling to the Future Peter Derrick,2002-04 Derrick archivist Bronx County Historical Society tells the story of what was at the time the largest and most expensive single municipal project ever attempted the 1913 expansion of the New York City Dual System of Rapid Transit He considers the factors motivating the expansion the process of its design the controversies surrounding financing it and its impact on New York then and today Appendixes summarize the contracts and related certificates and list the opening dates of Dual System lines Twenty four pages of photographs are also included c Book News Inc New York Recentered Kara Murphy Schlichting,2019-04-23 The history of New York City s urban development often centers on titanic municipal figures like Robert Moses and on prominent inner Manhattan sites like Central Park New York Recentered boldly shifts the focus to the city s geographic edges the coastlines and waterways and to the small time unelected locals who quietly shaped the modern city Kara Murphy Schlichting details how the vernacular planning done by small businessmen and real estate operators performed independently of large scale governmental efforts refigured marginal locales like Flushing Meadows and the shores of Long Island Sound and the East River in the late nineteenth and early twentieth centuries The result is a synthesis of planning history environmental history and urban history that recasts the story of New York as we know it

contributions of the millions who chose to settle there There are six chronological chapters each discussing the groups who came in the years as covered by that chapter the city as it was when they arrived what they added to the city and how life in New York enabled most to improve their lives The Irish laborers who came in the middle of the 19th century for example contributed enormously to the building of a clean water system The wages earned from this work allowed them to feed house and clothe their families while enabling the city to avoid the frequent cholera epidemics that had devastated the city in earlier years
