established social order He reveals the underside of the modern state in two very different prison systems and the making of grim institutions whose power would only grow across the century **Unfit for Democracy** Stephen E. Gottlieb,2018-04 Since its founding Americans have worked hard to nurture and protect their hard won democracy And yet few consider the role of constitutional law in America s survival In *Unfit for Democracy* Stephen Gottlieb argues that constitutional law without a focus on the future of democratic government is incoherent illogical and contradictory Approaching the decisions of the Roberts Court from political science historical comparative and legal perspectives Gottlieb highlights the dangers the court presents by neglecting to interpret the law with an eye towards preserving democracy From back cover **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System).
