

Poetic Techniques

Technique	Definition	Example
Allegory	An extended metaphor in which the characters, places and object in a narrative carry figurative meaning. The story has a double meaning that often aims to offer a moral lesson.	<i>The Lion, the Witch and the Wardrobe</i> by C.S. Lewis uses the character of Aslan representing Christ and Edmund as Judas.
Alliteration	The repetition of the initial consonant sound in a series of words. This creates a melodic sounding sentence and can connect the ideas of the words together.	'Timmy touched his toes'. 'Super Sale Sunday'. 'Mean, malevolent, malicious monsters.'
Allusion	Usually references to a historical, mythic or literary person, but can sometimes reference other well-known ideas such as religion. Creates vivid imagery or a particular understanding and symbolism.	'He was a real Romeo with the ladies'. This references the character of Romeo from Shakespeare's <i>Romeo and Juliet</i> to show he is a romantic and charismatic person that females are attracted to.
Anaphora	The deliberate repetition of the first part of the sentence in order to create an emphasis on a particular idea or statement.	Martin Luther King's famous <i>I Have a Dream</i> speech uses this techniques in the oft-quoted repetition of 'I have a dream...':
Archetype	A basic model from which characters or creative pieces are made; a foundation to base ideas on. The symbolic and easily recognisable patterns that occur within literary works. This allows composers to build upon or challenge the expectations that are associated with this prototype.	The classic hero or the epitome of a villain such as Batman or The Joker. Standard tale of boy meets girl scenario. The film <i>Warm Bodies</i> (based on <i>Romeo and Juliet</i>) provides an innovation of this standard tale by making the male protagonist a zombie with emotions that falls in love with a human girl.
Collective (inclusive) language	Language that aims to include the reader and the characters and present them as them as connected. May create an effect of intimacy, belonging, empathy or inclusion for the reader, connecting them more emotionally to the text.	'We', 'our' and 'us' would be used to develop a bonded atmosphere between characters and / or the reader.
Colloquial language	Informal language that is conversational and for everyday use. Also associated with slang and creates a relaxed atmosphere / tone or shows a close relationship between the characters and / or the reader.	Words such as 'mate', 'buddy' or 'hi' establish a comfortable tone in a text and may reveal information about the characters' relationships.
Contrast	Two opposing ideas presented in a text to and a rhetorical device through which writers identify differences between two subjects, places, persons, things or ideas - opposition highlighted to emphasise or consider their differences.	The <i>Harry Potter</i> series by J.K Rowling highlights the opposing sides of the idea of good and evil in elements such as the four school house and the characters associated with Dumbledore and Voldemort.
