Brunel And His World:

Brunel and His World John Pudney,1974-01-01 The only son of Sir Marc Brunel creator of the first major underwater tunnel Brunel designed the Clifton Suspension Bridge pioneered the Great Western Railway and initiated with his three great ocean going liners the modern age of transatlantic steamship travel With the dedication and intensity of an artist Brunel sacrificed his personal life driving himself from venture to venture and grandeur and scale of his conceptions always challenging the technical resources of his time The story of Brunel s success and failure of his headlong enterprises and misfortunes is vividly told in John Pudney s narrative and in a rich harvest of contemporary illustrations book jacket

Brunel and His World John Pudney,1974 *Brunel* Steven Brindle,2013-05-23 A celebration of the life and engineering achievements of Isambard Kingdom Brunel by two of the world s foremost authorities In his lifetime Isambard Kingdom Brunel towered over his profession Today he remains the most famous engineer in history the epitome of the volcanic creative forces which brought about the Industrial Revolution and brought modern society into being Brunel s extraordinary talents were drawn out by some remarkable opportunities above all his appointment as engineer to the new Great Western Railway at the age of 26 but it was his nature to take nothing for granted and to look at every project whether it was the longest railway yet planned or the largest ship ever imagined from first principles A hard taskmaster to those who served him he ultimately sacrificed his own life to his work in his tragically early death at the age of 53 His legacy though is all around us in the railways and bridges that he personally designed and in his wider influence This fascinating new book draws on Brunel s own diaries letters and sketchbooks to understand his life times and work **Olivier** Francis

Beckett,2015-02-15 In the 1930s he established himself as a wide ranging Shakespearean actor His marriage in 1940 to Vivien Leigh his second wife seemed to complete the image of the romantic star From the mid 40s he excelled in directing himself in Shakespeare on film such as his dramatically shot Henry V 1944 with its timely excesses of patriotism When the new wave of British drama began in the late 1950s Olivier was immediately part of it As an actor of such wide range and a successful producer and director Olivier was a natural choice to bring the National Theatre into existence in 1963 Together with his new wife Joan Plowright they had married in 1961 he built up a brilliant company and repertoire at the Old Vic Olivier became the first actor to be given a peerage **Dictionary of World Biography** Barry Jones,2025-01-06 Jones
