start a passive income business Through a series of thorough guides on Dropshipping E Commerce Affiliate Marketing and many more this book presents detailed and proven strategies and methods for generating wealth and becoming a successful business owner Affiliate Marketing Earn High Commissions by Selling Products and Services you don t have Amazon FBA A Real Way to Make Money Online 2020 edition A Step by Step Guide for Beginners on How to Start a Profitable Business from Home Dropshipping Shopify E Commerce Business Model 2020 A Step by Step Guide for Beginners on How to Start a Dropshipping E Commerce Business and Make Money Online Offer the HIGHEST offer and get THE MOST out of every prospect How to handle EVERY OBJECTION and finish the sale with excitement enthousaism from both sides And much more Still not sure that this book is for you Complete beginner or not you ll know exactly what it takes and how to get started Passive income is real and attainable for everyone even you Are you ready to join the movement Passive Income Richard John,2017-11-05 Introduction Passive income is any money you earn while sitting on the beach sipping mojitos That s the way Pop culture defines it and it does make sense because passive income involves being able to earn money even while you are asleep The best way to earn money is making money that is not directly related to your efforts and that is what passive income is all about To make this a little bit easier for you to understand let us compare active and passive income Difference between Active Income and Passive Income Active income Active income is earnings that cease when work ceases It is money that you stop earning whenever you stop working If you lose your salaried job today would they still be kind enough to continue paying you your regular salary Of course no They may hand you a severance package or some form of the settlement but that is it afterward you are entirely on your own If you work as a contractor maybe a tax consultant and you suddenly stop filing client s taxes or stop taking jobs from them would they still keep paying you for your services I don t think so It means that any work that is directly related to your efforts which you would stop getting money from if you end doing it is operating income Passive income Passive Income on the other hand is an income that would continue to roll in regardless of the efforts that you put into it Whether you are working sleeping or doing anything else the money would continue to roll in What Passive Income is not I need to make this very clear because there are many misconceptions about passive income out there and many people see it as a bailout for lazy people especially when they hear the part where it says you don t have to put in direct physical efforts A Risk Free Investment It s not right when people say that passive activities are risk free businesses In business the concept of risk free is only an illusion As long as money is involved there is always a chance that you may lose that morning Therefore all forms of passive income carry a measure of risk The risk may be minimal when compared to other types of sources of revenue but even blogging has its investment risks Completely Hands Free Passive income streams still require maintenance to make them work and still earn money from them For instance if you have a blog that brings you some money you still have to continue to work hard to ensure that the blog is properly optimized and the traffic keeps coming that s not entirely hands free now is it Thank you for purchasing this book I hope it
