Bernhard Schobinger:

Bernhard Schobinger Bernhard Schobinger, Glenn Adamson, Florian Hufnagl, 2014 This overview of rings made by the Swiss Bernhard Schobinger illustrates why he is considered as one of the most expressive critical and inspiring contemporary exponents of art jewelry **Bernhard Schobinger**, **Bernhard Schobinger** Roger Fayet, Florian Hufnagl, 2003-07-01 There is no doubt at all about Bernhard Schobinger being a megastar of the contemporary jewelry scene Whereas his earlier jewelry reveals the influence of Punk and the radical negation of middle class values more recent pieces tend to emanate an aura of mysticism An example of the mischievous delight in experimenting is the way he links diamonds with objects that may have been retrieved from a rubbish bin a gesture that brands the glitter of the diamonds as the fallout of the throw away society The indissoluble link between Bernhard Schobinger's jewelry and the photographs by Annelies Strba a leading contemporary photographer and video artist has been forged by Strba's documentary approach to recording these pieces In presenting an apposite selection of Strba's photographs of jewelry this book not only clarifies the features that the two media have in common but also reveals the differences between the two areas of artistic achievement Text in English and German **Annelies Štrba** Annelies Štrba, Bernhard Schobinger, Douglas Hyde Gallery, 1999

Constellations Sarah Schleuning, 2025-08-26 A lavish exploration of how contemporary jewelry pushes the boundary between ornament and art This thematic exploration of more than 950 works from the contemporary jewelry collection at the Dallas Museum of Art spans nearly a century up until the present and includes work by some of the field's most innovative and genre defying makers These masterpieces from artists in Italy to Japan New Zealand to the United States assert the centrality of ideas beyond aspects of materiality and function Through stunning photography and essays focusing zones of the body geometries as archetypes of form identity as projection or protection notions of movement and play and the history of the museum's seminal collection the author illuminates new ways of understanding and appreciating contemporary jewelry Constellations is a valuable resource for jewelry scholars and enthusiasts alike Distributed for the Dallas Museum of Art Exhibition Schedule Dallas Museum of Art November 9 2025 May 3 2026 *The Prize of Success* Jonas Berthod, 2024-04-02 In the small world of Swiss graphic design prizes such as the Swiss Design Awards SDA are followed closely The winners works are admired envied and emulated The generous prize money allows designers to launch their careers and focus on lesser paid but critically recognised work Awards thus play the role of bellwethers of the scene However criticisms inevitably arise Speaking in hushed tones designers speculate as to why a colleague won over another Rumours have it that jury members favour their inner circles and exclude competitors Analysing this universe in detail Jonas Berthod retraces the recent history of the SDA and the emergence of a new design culture in Switzerland *The Everyday Artefacts of World Politics* Caitlin Hamilton, 2021-09-23 This book examines everyday artefacts of world politics the things that everyday people make that tell stories about how the world works The author argues that people engage in a unique form of multimodal

storytelling about the world their place in the world and the world they want to live in through the artefacts that they make
 Introducing a novel approach to artefactual analysis the book explores textiles jewellery and pottery and urges scholars of
 global politics to take these artefacts seriously Based on original research this book is inherently interdisciplinary drawing on
 concepts and approaches from across the humanities and social sciences including archaeology history sociology world
 politics anthropology and material studies It will therefore be of interest to a wide range of readers **Schmuck Edition**

 Drutt,Peter Dormer,1995 An illustrated survey of contemporary jewellery and its developments since 1960 It has three major
 elements Firstly it has a display of the jewellery itself photographed in colour Secondly it provides a critical history tracing
 the first challenges to traditional forms of jewellery as early as the 1930s but focusing on the inspired use of new tools new
 materials and new ideas since 1960 Finally it has a reference section correcting previous information on the subject
 including biographies of over a hundred makers **Twentieth-century Jewelry** Barbara Cartlidge,1985 the art and history
 of jewelry from the turn of the century Art Nouveau to the International Style of the Eighties Cartlidge has selected premier
 examples of jewelry created by over 200 artists and artisans from Lalique and Fouquet to de Patta and Fisch to best reflect
 the customs sociopolitical structure and traditions of several generations Included are detailed descriptions of each of the
 pieces along with their aesthetic and historical significance The volume concludes with a brief section of artists biographies

The Best in Contemporary Jewellery David Watkins,1993 The Art of jewellery making has taken many forms and today
 the most adventurous and innovative is one in which the values of art and the individual are set above the concerns of fashion
 commerce and industry Emerging as an international movement in the early 1970s contemporary jewellery is now a well
 established category in the art world This reappraisal of the nature and role of jewellery is with gathering momentum
 regenerating the ancient art so that the meaning and purpose of jewellery is being redefined for the present day world
 Contemporary jewellery as described by these criteria has become one of the most intensive and absorbing sectors in the
 international arts The Best in Contemporary Jewellery is a snapshot survey of recent work by 64 outstanding artists
 craftsmen and designers from 14 countries Three sections Idea Object and Image offer a unique perspective on their
 individual attitudes and achievements Idea is a short portfolio of sketch designs and inspirations from some of the
 contributors while Object the main core of the book is a gallery show of several works from each artist The last section Image
 shows a selection of objects against the body Beautifully illustrated throughout The Best in Contemporary Jewellery is a
 celebration of some of the most outstanding craftsmanship and imagination displayed in recent jewellery making BOOK
