## Best Of Impact:

**Impact Investing at a Crossroads** John Forrer, Terry Gray, 2024-08-30 There is no questioning the enthusiasm that welcomed impact investing as an alternative approach to making investments Take account of both financial returns and the social and environmental impacts But there is no denying that the approach has fallen well short of expectations Impact investing has shown great promise as a major transformational investment paradigm but in practice under performing woefully and its prospects are dimming It comprises less than 1% of the world s equity investments and too many claims of success are more about marketing and reputational value than hard evidence of positive social impacts Drawing on over a decade of hands on experience this book presents a unique combination of a how to guide and a reimagining new models frameworks techniques and tools of what impact investing could be and could accomplish It points to a new direction for future impact investments achieve higher financial returns more positive social and environmental impacts and lower risks than conventional investments Readers will learn what actions should be taken at each stage of impact investing and which models analytic frameworks and techniques to use and how to use them for optimal results This book offers a step by step guide to how impact investing can achieve its promise of transforming global investments into a powerful positive force for change It is an inspiring and comprehensive resource for anyone who wants to understand how impact investing works and how it can be done better from professionals at foundations international NGOs consulting firms and government agencies to students of finance public policy ESG sustainability and international development
