Failure, Fascism, and Teachers in American Theatre James F. Wilson, 2023-10-24. This timely and accessible book explores the shifting representations of schoolteachers and professors in plays and performances primarily from the twentieth and twenty-first centuries in the United States. Examining various historical and recurring types such as spinsters, schoolmarmes, presumed sexual deviants, radicals, and communists, fascists, and emasculated men teachers, Wilson shines the spotlight on both well-known and nearly forgotten plays. The analysis draws on a range of scholars from cultural and gender studies, queer theory, and critical race discourses to consider teacher characters within notable education movements and periods of political upheaval. Richly illustrated, the book will appeal to theatre scholars and general readers as it delves into plays and performances that reflect cultural fears, desires, and fetishistic fantasies associated with educators. In the process, the scrutiny on the array of characters may help illuminate current attacks on real-life teachers while providing meaningful opportunities for intervention in the ongoing education wars.

The Browning Version Terence Rattigan, 1949. A play about a schoolmaster at an English boarding school who must go into retirement due to ill health.

[The Ridley Scott Encyclopedia](#) Laurence Raw, 2009-09-28. From his first feature film *The Duellists* to his international successes *Alien*, *Blade Runner*, *Thelma & Louise*, *Black Hawk Down*, *Gladiator*, and *American Gangster*, Ridley Scott has directed some of the most compelling films of the last 30 years. Apart from his work as a film director, Scott has engaged in a vast range of activities, including that of a designer, producer, film mogul, and advertising executive. *The Ridley Scott Encyclopedia* is the first book that focuses on all aspects of his work in a wide-ranging career that spans nearly 50 years. The entries in this encyclopedia focus on all aspects of his work and are divided into four categories. The first focuses on Ridley Scott's work as a director, encompassing his feature films from *The Duellists* to *Body of Lies*, as well as his work in television, including commercials. The second category focuses on the people who have been involved in Scott's projects, including actors, directors, producers, designers, writers, and other creative personnel. The third focuses on general thematic issues raised in Scott's work, such as gender construction, political issues, and geographical locations. Finally, the encyclopedia incorporates entries on films by other directors who have influenced Scott's approach to his work as a director or producer. Each entry is followed by a bibliography of published sources, both in print and online, making this the most comprehensive reference on Scott's body of work.
