a suicide mission in all but name On the French coast agents of the Special Operations Executive Churchill s shadowy ministry for ungentlemanly warfare risked all to map the target s defences At the eleventh hour two unwelcome additions joined Frosts s crew One was a shadowy German cloaked in mystery the other a British radar specialist who could not be allowed to fall into enemy hands Relying on files declassified for the purposes of writing this book eyewitness testimony and working with the families of key figures involved Lewis reveals an untold epic of daring ruthless rule breaking and ferocity coupled with bravery and ingenuity beyond measure The results of Operation Biting would resonate throughout the war and beyond changing the course of twentieth century history
