A Small Country:

Huosiland: A Small Country in Carolingian Europe Carl I. Hammer, 2018-01-31 This volume studies the landscape of western Bavaria in the early medieval period between about 750 and 850 AD The title of the study derives from several indications that a noble genealogia the Huosi were particularly influential there during the period Huosiland may be the best documented European landscape of this time The Effects of Protectionism on a Small Country Michael Bahaamonde Connolly, Jaime De Melo, 1994-01-01 Competently executed series of studies on the distorted trade regime of Uruguay until the late 1980s and the effect of protectionism on a variety of economic outcomes Topics covered range from the political economy of trade distortions to the sectoral impact of specific regulations Worth reading Handbook of Latin American Studies v 57 **Explaining Technical Change in a Small Country** Synnöve Vuori, Pentti Vuorinen, 2013-11-21 Technical change is produced by the interaction of a large number of technical economic social and institutional factors One of the starting points is the concept of national innovation systems The aim of this book is to take Finland as an example illustrating the challenges faced by small countries The characteristics and performance of the Finnish national innovation system of the last couple of decades are analyzed The Finnish experience is put in a broader context by comparing it with a few other countries The development paths possible in the near future are assessed According to the results many problems remain despite favourable developments in several technology indicators The rigidities of the social institutions created during the 1970s and 1980s seem to have become obstacles for economic and technological development There are fairly large differences between the countries studied and even between the culturally and historically close Nordic countries However Finland and Sweden seem to share the same kind of encompassing collective risk sharing systems which may have detrimental effects on for instance incentives related to innovativeness Increasing globalisation requires further development of the national system of innovation Technology policy must be seen as one part of more encompassing social and economic policies and the role of factors such as well functioning institutions appropriate education and sound incentive systems is highly important The papers of this book are written by experts of various research disciplines They reflect the respective views on the issue how technical change in Finland can be explained It is also discussed how Finland fares in comparison to Denmark Sweden Japan and the United States *A Small Country Elevator for Merchandising Grain* Heber Bouland, Lloyd LeRoy Smith, 1960 The Big Society in a Small Country Dan Boucher, 2013 This book argues that the Big Society concept is in a real sense more Welsh than English It contends that Wales can add value to the development of big society ideas in practice and at the same time renew its own economic life identity and traditions *How to Eat a Small Country* Amy Finley, 2012-07-03 How to Eat a Small Country shares a few key traits with Elizabeth Gilbert's Eat Pray Love in particular an infectiously likeable narrator and mouthwatering descriptions of European food But Finley's memoir is less precious more honest and ultimately more rewarding Boston Globe A professionally trained cook turned stay at home mom Amy Finley
