**The Secularization of Baptism** Mark G. McKim, 2025-01-31 Does God actually do anything in baptism Is it more than just a symbol Most early Baptists would have answered yes Most Baptists today would answer no How and why did this change happen and does it matter Providing thorough documentation of the changing understandings of baptism among American Canadian and English Baptists from the 1600s to the present day The Secularization of Baptism demonstrates that four factors led to the symbolic only position becoming dominant These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today reaction against the Oxford Movement and reaction against the understanding of baptism advocated by the Disciples of Christ Campbellites The now dominant symbolic only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite in effect believers baptism has been secularized A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid twentieth and twenty first century Baptists such as H Wheeler Robinson George Beasley Murray Stanley K Fowler and Anthony R Cross

**A Baptist Manual** Theodore Gerald Soares, 2015-07-19 Excerpt from A Baptist Manual The Polity of the Baptist Churches and of the Denominational Organisations We are in a most interesting stage in the development of our denominational polity We are discovering to the joy of all that our pure democracy is compatible with organized effectiveness in every sphere where we need advanced movement Most important modifications are taking place and a new denominational consciousness is evident It is perhaps too early to write the history of this movement But it is not too early to indicate the point to which we have come All Baptist manuals are of necessity out of date We have felt for some time in our Department of Practical Theology at the University of Chicago the need of a book in which the conditions as they now exist among us would be clearly set forth Perhaps the special pressure occasioned by divinity lectures may be the excuse for my undertaking to perform this task About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
